INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees and Plan Administrator
City of Boca Raton Executive Employees' Retirement Plan

Report on the Financial Statements

We have audited the accompanying financial statements of the City of Boca Raton Executive Employees' Retirement Plan (the Plan), which comprise the statements of fiduciary net position as of September 30, 2018 and 2017, and the related statements of changes in fiduciary net position for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective Plan net position of the City of Boca Raton Executive Employees' Retirement Plan as of September 30, 2018 and 2017, and the respective changes in Plan net position thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the schedules of changes in City's net pension liability and related ratios, City contributions and investment returns on pages 3 - 8 and 26 - 28 be presented to supplement the financial statements. Such information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 22, 2019 on our consideration of the Plan's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Plan's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Plan's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

The discussion and analysis of the City of Boca Raton (the City) Executive Employees' Retirement Plan (the "Plan") performance provides an overview of the financial activities and funding conditions for the years ended September 30, 2018, 2017 and 2016. Readers are encouraged to consider the information presented in conjunction with the financial statements.

Financial Highlights

- A net increase of approximately \$3.0 million in total Plan net position (or 7.2%) as a result of the year's activities was primarily due to net investment income.
- City contributions were approximately \$1.85 million. Contributions increased approximately \$325 thousand (or 21.3%) from 2017. The 2017 contribution increased approximately \$43 thousand (or 2.9%) from 2016. The amount of employer contributions vary from year to year based on an actuarially determined requirement.
- Employee contributions were approximately \$885 thousand, representing 16.5% of payroll. Contributions increased approximately \$245 thousand from 2017. The 2017 contributions decreased approximately \$122 thousand from 2016. Member contributions will vary from year to year and are dependent upon several factors such as salary levels and number of active members, including new entrants and transfers from other defined benefit plans.
- The equity and fixed income securities net investment income in an amount of approximately \$3.8 million in 2018 experienced a decrease of approximately \$1.7 million when compared to the approximate \$5.4 million gain in 2017. This followed an increase of approximately \$2.6 million when compared to approximately \$2.8 million gain in 2016.
- In 2018, total benefit payments and refunds of contributions increased by approximately \$2.0 million (or 106.4%) as compared to an increase of \$66 thousand (3.7%) in 2017.

Overview of Financial Statements

Management's Discussion and Analysis serves as an introduction to the financial statements. The financial statements consist of the statements of fiduciary net position, the statements of changes in fiduciary net position, and the notes to the financial statements. The required supplementary information immediately following the financial statements presents schedules of historical trend information. The financial statements are prepared on an accrual basis in accordance with accounting principles generally accepted in the United States of America promulgated by the Governmental Accounting Standards Board.

Overview of Financial Statements (Continued)

The *Statement of Fiduciary Net Position* is a point in time snapshot of account balances at year-end. It reports the assets plus deferred outflows available for future payments to retirees and their beneficiaries less any liabilities and deferred inflows that are owed as of the year end. The resulting net position restricted for pension benefits are available to meet on-going obligations.

The *Statement of Changes in Fiduciary Net Position* displays the effect of pension fund transactions that occurred during the year. The impact of those activities is shown as additions less deductions to the fiduciary net position. The trend of additions versus deductions to the Plan indicates the condition of the Plan's financial position over time.

The *Notes to the Financial Statements* are an integral part of the financial reports. The notes provide detailed discussions of key policies and activities, and additional background that is essential for a complete understanding of the information presented in the statements.

The *Required Supplementary Information* presents a schedule of changes in the City's net pension liability and related ratios, a schedule of City contributions, and a schedule of investment returns of the Plan along with a discussion of changes in actuarial assumptions and methods.

Financial Analysis

The following is a condensed comparative summary of fiduciary net position:

	2018	2017	2016	2018 Change	2018 % Change	2017 Change	2017 % Change
Assets							
Cash and short-term investments	\$ 179,482	\$ 334,806	\$ 747,730	\$ (155,324)	(46.4)%	\$ (412,924)	(55.2)%
Investments	44,691,144	29,714,015	26,320,086	14,977,129	50.4%	3,393,929	12.9%
Other assets	--	12,119	--	(12,119)	(100.0)%	12,119	--
Total Assets	<u>44,870,626</u>	<u>30,060,940</u>	<u>27,067,816</u>	<u>14,809,686</u>	<u>49.3%</u>	<u>2,993,124</u>	<u>11.1%</u>
Liabilities	--	--	--	--	--	--	--
Deferred Inflows of Resources							
Advance City contribution	--	--	1,525,219	--	--	1,525,219	100.0%
Net Position Restricted for Pension Benefits	<u>\$ 44,870,626</u>	<u>\$ 41,862,845</u>	<u>\$ 35,861,267</u>	<u>\$ 3,007,781</u>	<u>7.2%</u>	<u>\$ 6,001,578</u>	<u>16.7%</u>

The net position of the Plan is principally comprised of investments and investment related accruals. The net position held in trust for pension benefits reported in the year 2018 was approximately \$44.9 million compared to the net position reported in 2017 of approximately \$41.9 million. The net position increased by approximately \$3.0 million (or 7.2%) primarily due to the result of contributions and investment earnings exceeding benefits payments and expenses. A comparison of the 2017 net position to the 2016 net position of approximately \$35.9 million indicates a net position increase of approximately \$6.0 million which was primarily due to improvement in market conditions yielding higher investment income in 2017 over 2016.

Financial Analysis (continued)

The table below is a condensed comparative summary of the changes in fiduciary net position and reflects the activities of the Plan.

	2018	2017	2016	2018 Change	2018 % Change	2017 Change	2017 % Change
Additions							
City contributions	\$ 1,850,134	\$ 1,525,219	\$ 1,482,115	\$ 324,915	21.3%	\$ 43,104	2.9%
Employee contributions	885,015	639,876	762,047	245,139	38.3%	(122,171)	(16.0)%
Transfers from other plans	409,132	314,525	108,675	94,607	30.1%	205,850	189.4%
Net investment income	<u>3,770,512</u>	<u>5,423,879</u>	<u>2,820,390</u>	<u>(1,653,367)</u>	<u>(30.5)%</u>	<u>2,603,489</u>	<u>92.3%</u>
Total Additions	<u>6,914,793</u>	<u>7,903,499</u>	<u>5,173,227</u>	<u>(988,706)</u>	<u>(12.5)%</u>	<u>2,730,272</u>	<u>52.8%</u>
Deductions							
Benefit payments	1,821,365	1,436,880	1,223,706	384,485	26.8%	213,174	17.4%
Deferred retirement option plan (DROP)	2,028,651	343,055	565,433	1,685,596	491.3%	(222,378)	(39.3)%
Termination refunds	10,932	90,242	14,869	(79,310)	(87.9)%	75,373	506.9%
Administrative expenses	46,064	31,744	30,005	14,320	45.1%	1,739	5.8%
Total Deductions	<u>3,907,012</u>	<u>1,901,921</u>	<u>1,834,013</u>	<u>2,005,091</u>	<u>105.4%</u>	<u>67,908</u>	<u>3.7%</u>
Net Increase in Plan Net Position	3,007,781	6,001,578	3,339,214	(2,993,797)	(49.9)%	2,662,364	79.7%
Net Position Restricted for Pension Benefits-Beginning of Year	<u>41,862,845</u>	<u>35,861,267</u>	<u>32,522,053</u>	<u>6,001,578</u>	16.7%	<u>3,339,214</u>	10.3%
Net Position Restricted for Pension Benefits – End of Year	<u>\$44,870,626</u>	<u>\$41,862,845</u>	<u>\$35,861,267</u>	<u>\$3,007,781</u>	7.2%	<u>\$6,001,578</u>	16.7%

The changes in fiduciary net position reflect the following:

Additions to the Plan net position decreased by approximately \$1.0 million from approximately \$7.9 million during 2017 to approximately \$6.9 million during 2018. City contributions, as determined by the annual actuarial valuation, equaled approximately \$1.9 million which were approximately \$325 thousand (or 21.3%) higher than in 2017. Net investment income was approximately \$1.7 million lower due to a lower net appreciation in the fair value of investments in 2018. As a result of higher net appreciation in the fair value of investments, additions to Plan net position increased approximately \$2.7 million from 2016 to 2017.

Deductions to Plan net position increased approximately \$2.0 million (or 105.4%) from approximately \$1.9 million during 2017 to approximately \$3.9 million in 2018. The majority of this activity relates to increased benefit payments due primarily to the withdrawal of the Deferred Retirement Option Plan (DROP) of \$2.0 million in 2018. The increase in deductions to Plan net position of approximately \$68 thousand from 2016 to 2017 is primarily due to a \$75 thousand increase in termination refunds.

EXECUTIVE EMPLOYEES' RETIREMENT PLAN**

FINANCIAL SECTION

Investment Activities (Continued)

Investment income provides current and future financial stability. Therefore, the Board of Trustees (the Board) have a fiduciary responsibility to act prudently, when making Plan investment decisions. The Board employs the services of an investment consultant to assist with informed investment decisions. The investment consultant reviews and periodically recommends changes to the Statement of Investment Policy and Objectives. Portfolio performance is reviewed quarterly by the Board and its investment consultant. Performance is evaluated for each individual money manager by investment type and for the total portfolio.

Asset Allocation

The table below indicates the asset allocation for the past five years. The table demonstrates the steps the Plan has taken to diversify its assets.

	Policy Target	2018 Actual	2017 Actual	2016 Actual	2015 Actual	2014 Actual
Equity						
Domestic large cap	39%	38.0%	47.2%	46.0%	46.3%	46.5%
Domestic small cap	13%	13.2%	13.1%	13.0%	13.5%	13.3%
International equity	18%	17.3%	10.5%	10.0%	9.5%	9.2%
Total Equity	70.0%	68.5%	70.8%	69.0%	69.3%	69.0%
Fixed income	20.0%	22.0%	28.4%	29.0%	29.9%	30.0%
Cash	0.0%	0.4%	0.8%	2.0%	0.8%	1.0%
Core Real Estate¹	10.0%	9.1%	0.0%	0.0%	0.0%	0.0%
Total Asset Allocation	100.0%	100.0%	100.0%	100.0%	100.0%	100.0%

The percentage of total assets invested in each asset class was within the policy ranges and close to the target asset mix. Moderate changes in asset allocation occurred in 2018 primarily due to market conditions and reallocations into the Core Real Estate portfolio as approved by the investment policy amended March 22, 2018.

¹ Core Real Estate is a new allocation for 2018.

Total Fund Benchmark	9.89%	12.85%	9.73%	11.42%	9.14%	9.07%

Investment Returns

The Plan returned 8.91% for the year ended September 30, 2018, as compared to 14.97% return for 2017 and 8.67% return for 2016, net of fees. The Plan's performance in 2018 was impacted by the underperformance of the domestic large cap and international equity portfolios in the third quarter and the shortfall of the fixed income portfolio. The Plan's performance in 2017 was the result of strong returns in all equity markets, especially in the international markets. In 2016 the Plan's performance was a result of improving returns in the domestic equity market and relative strength in the core plus fixed income, value equity and international equity options.

² New allocation for 2018. Return shown for 3 months

**CITY OF BOCA RATON
EXECUTIVE EMPLOYEES' RETIREMENT PLAN**

FINANCIAL SECTION

Investment Activities (Continued)

Economic Factors and Funding Status

The Plan's funding objectives are to meet long-term benefit obligations through investment income and contributions. Accordingly, the collection of contributions and the income from investments are essential for providing the reserves needed to finance future retirement benefit payments. The Plan's investment activities are a function of the underlying marketplace for the period measured, money manager performance, and the investment policy's asset allocation. Maintaining a diversified portfolio of investments is critical for an opportunity of positive returns. A retirement plan's funding is a long-term concept, where temporary fluctuations in the market are expected.

The schedule of changes in the City's net pension liability and related ratios provides information on the Plan's fiduciary net position as a percentage of total pension liability. The higher the ratio, the better funded the Plan is from an actuarial perspective. This schedule shows as of September 30, 2018 the ratio of 80.99% of fiduciary net position as percentage of the total pension liability and 79.36% as September 30, 2017. The net pension liability as a percentage of covered payroll was 196.39% for 2018 and 189.35% for 2017.

Management and its actuary believe that the Plan remains in sound financial position to meet its future obligations to the Plan participants and beneficiaries.

EXECUTIVE EMPLOYEES' RETIREMENT PLAN
FINANCIAL STATEMENTS**

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED SEPTEMBER 30, 2018 AND 2017

Note 1 – Plan Description and Contribution Information

The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

Plan Administration

The Executive Employees' Retirement Plan (the Plan) is a single-employer defined benefit plan covering the executive employees of the City of Boca Raton, administered by a five-member Board of Trustees comprised of two members appointed by the City Council, two members appointed by the city manager and shall be members of the plan and the city manager. The Plan was established by Ordinance 4745, adopted November 12, 2003, by City Council. The Plan is also governed by Chapter 112, Florida Statutes.

Plan Membership

As of September 30, 2018 and 2017, membership in the Plan consisted of:

	2018	2017
Inactive Plan Members or Beneficiaries Currently Receiving Benefits	35	30
Inactive Plan Members Entitled to but Not Yet Receiving Benefits	11	10
Active Plan Members	49	48
Pending Refunds	2	3
Total	97	91

Pension Benefits

The Plan provides for retirement, termination, disability and death benefits.

Normal Retirement

Plan members are assigned to one of four divisions, each providing different levels of benefits depending on their division and entry into the Plan. Division 1 includes D1, D2 and D3 pay classifications; Division 2 includes D4 and higher D pay classifications; Division 3 includes DD pay classifications and Division 4 includes the City Manager and City Attorney, if they elect to participate in the Plan. Retirement benefits are calculated by multiplying the member's earnings averaged over five year (for Division 1 through Division 3) or two year (for Division 4) times the member's year of continuous service times a multiplier determined by their plan level subject to a maximum of 90%; 80% for those members hired after September 30, 2010.

**CITY OF BOCA RATON
EXECUTIVE EMPLOYEES' RETIREMENT PLAN**

FINANCIAL STATEMENTS

Note 1 – Plan Description and Contribution Information (continued)

Pension Benefits (continued)

Normal Retirement (continued)

For members hired on or before September 30, 2010 Division 1, Division 2, and Division 3 utilize multipliers of 3.05, 3.15 and 3.25 respectively. Division 4 utilizes a multiplier of 4.45 for the first 10 years and 3.35 thereafter. After September 30, 2010 new members assigned to Division 1, Division 2, Division 3 and Division 4 utilize multipliers of 2.35, 2.45, 2.55 and 2.65 respectively.

Members are eligible to retire the earlier of reaching age 65 with at least 6 years of vesting service or reaching age 55 with at least 10 years of vesting service or for new members after September 30, 2010 age 58 with at least 10 years of vesting service. Monthly benefits are calculated as a percentage of average final compensation. A cost of living increase of 2% per year for Divisions 1, 2 and 3 and 3% per year for Division 4 in current monthly benefits commence on October 1st following 5 years after retirement.

Early Retirement

The Plan permits early retirement for all participants at the age of 50 and the completion of 10 years of vesting service or for new members after September 30, 2010 age 53 and the completion of 10 years of vesting service. Members qualify for early retirement benefits upon attaining age 50 with 10 years of continuous service or for new members after September 30, 2010 age 53 with 10 years of continuous service. If a participant terminates employment after having attained the early retirement date, they have the following two available options:

- The benefits can be deferred until the member's normal retirement date, in which case the benefit will be calculated the same as normal retirement, or
- The member may take a reduced benefit, which may start any time prior to the normal retirement date. The reduction factor is 5% for each year early retirement precedes the normal retirement age 55 or 58 for new members who join the Plan after September 30, 2010.

Disability Retirement

Active employees who become disabled receive 60% of the average final compensation as of the date of disability payable starting at age 65. Disability benefits are paid until the earlier of death or recovery from disability.

**CITY OF BOCA RATON
EXECUTIVE EMPLOYEES' RETIREMENT PLAN**

FINANCIAL STATEMENTS

Note 1 – Plan Description and Contribution Information (continued)

Pension Benefits (continued)

Preretirement Death Benefit

If an active employee dies, a member's beneficiary is entitled to an accrued benefit that varies with age, length of service and employee division. If an employee terminates his employment with the City and is not eligible for any other benefits under the Plan, the member is entitled to the following:

- With less than six years of continuous service, a refund of member contribution plus 5% interest.
- With six or more years of continuous service, the pension accrued to the date of termination, payable commencing at the member's normal retirement date.

Termination Refunds

If an employee terminates employment and is not eligible for any other benefits under the Plan, he is entitled to the following:

- With less than 6 years of continuous service, a refund of the member contribution is made plus 5% interest, or
- With 6 or more years of continuous service, the pension accrued to the date of termination, payable commencing at his or her normal retirement date or at the member's option, lump-sum refund of the member contribution is made plus 5% interest.

Deferred Retirement Option Plan

The Deferred Retirement Option Plan (DROP) is available to active Plan members who are eligible for normal retirement. Upon electing to participate in the DROP, members are considered to have retired for purposes of the pension plan but continue to remain in active employment with the City. The member's normal retirement benefit is calculated as if the member had actually retired on the date of DROP participation, using continuous service and average monthly earnings as of that date.

**CITY OF BOCA RATON
EXECUTIVE EMPLOYEES' RETIREMENT PLAN**

FINANCIAL STATEMENTS

Note 1 – Plan Description and Contribution Information (continued)

Pension Benefits (continued)

Deferred Retirement Option Plan (continued)

Members who have reached normal retirement age may elect to participate in the DROP. They will remain active employees of the City, but will no longer contribute to the Plan. Their benefits will remain frozen and continue to accrue interest until they retire from the City, at which time DROP benefits will be paid. Maximum duration of participation is sixty months. At September 30, 2018, there were 7 DROP participants with a total balance of \$754,202. At September 30, 2017, there were 7 DROP participants with a total balance of \$2,120,524.

Cost-of-Living Adjustment

A cost of living increase of 2% per year for Divisions 1, 2 and 3 and 3% per year for Division 4 in current monthly benefits commence on October 1st following 5 years after retirement.

Contributions

Contributions required from members are at the rate of 11% of compensation. Employer contributions for the year ended September 30, 2018, determined using the actuarial valuation dated October 1, 2016, were 34.51% of covered payroll. Employer contributions for the year ended September 30, 2017, determined using the actuarial valuation dated October 1, 2015, were 26.53% of covered payroll. The Plan's funding policy provides for actuarially determined periodic employer contributions sufficient to pay the benefits provided by the Plan when they become due.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared using the accrual basis of accounting. Contributions from members are recorded in the period the City makes payroll deductions from participants (members). City contribution requirements are actuarially determined and remitted annually on October 1. Benefit payments and refunds to members are recognized when due and payable in accordance with the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions in net position available for plan benefits. Actual results could differ from those estimates.

**CITY OF BOCA RATON
EXECUTIVE EMPLOYEES' RETIREMENT PLAN**

FINANCIAL STATEMENTS

Note 2 – Summary of Significant Accounting Policies (Continued)

Deposits

The Plan's cash deposits are held in qualified public depositories pursuant to State of Florida Statutes, Chapter 280, Florida Security for Public Deposits Act. Therefore, all deposits are deemed as insured.

Investments

Investments are held in the Florida Municipal Pension Trust Fund, administered by the Florida League of Cities.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of fiduciary net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. The Plan has no items that qualify for reporting in this category.

In addition to liabilities, the statement of fiduciary net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Plan has no items that qualify for reporting in this category.

Tax Status

Management and tax counsel believe that the Plan is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

The Florida Municipal Pension Trust Fund (FMPTF) is established as a Trust whereby governmental entities with employee pension plans may elect to join the Trust (becoming a Participating Employer), and with the Trust providing the plans with administrative and investment services for the benefit of participating employers, participating employees, and beneficiaries. All employee pension plan assets with the FMPTF are included in the Trust's master trust fund. Employee pension plan assets of the defined benefit type are invested by the FMPTF through the Florida Municipal Investment Trust (FMIvT) for the benefit of the participating employers, participating employees and beneficiaries.

The FMIvT was created under the laws of the State of Florida to provide eligible units of local government with an investment vehicle to pool their surplus funds and to reinvest such funds in one or more investment portfolios under the direction and daily supervision of an investment advisor. The Florida League of Cities serves as the administrator, investment manager and secretary-treasurer of the Trust.

Note 3 – Deposits and Investments (continued)

Fair Value Hierarchy

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan categorizes its fair value measurements with the fair value hierarchy established by accounting principles generally accepted in the United States of America. The fair value hierarchy categorizes the inputs to valuation techniques used to measure fair value into three levels based on the extent to which inputs used in measuring fair value are observable in the market. The investments are measured and reported at fair value and classified according to the following hierarchy:

Level 1 – Investments reflect unadjusted quoted prices in active markets for identical assets.

Level 2 – Investments reflect prices that are based on inputs that are either directly or indirectly observable for an asset (including quoted prices for similar assets), which may include inputs in markets that are not considered to be active.

Level 3 – Investments reflect prices based upon unobservable inputs.

The categorization of investments within the hierarchy is based upon pricing transparency of the instrument and is not indicative of its quality.

FMIVT Core Real Estate	4,083,227	Quarterly	5 business days prior to valuation
Total investments measured at NAV	\$ 9,467,702		

FMIVT Broad Market High Quality Bond Fund

This fund invests mainly in US government and agency securities, asset-backed securities and corporate bonds and notes. The underlying securities have observable Level 1 quoted pricing inputs or observable Level 2 significant other observable pricing inputs. Most of the security prices were obtained from a pricing service, Interactive Data Corporation (IDC). While the underlying asset values are based on quoted prices or market-corroborated inputs, the net asset value of the portfolio is not publicly quoted. Value is based on market-corroborated data. (Level 2 inputs).

³ As required by GAAP, certain investments that are measured at net asset value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the total investment line item in the Statement of Fiduciary Net Position

FINANCIAL STATEMENTS

Note 3 – Deposits and Investments (continued)

Fair Value Hierarchy (continued)

FMIvT Large Cap Diversified Value Portfolio

This portfolio invests mainly in domestic stocks and in a single underlying fund, the Intech U.S. Broad Enhanced Plus Fund, LLC (Intech Fund), shares of which are not publicly traded. The majority of the underlying securities have observable Level 1 quoted pricing inputs. Most of the security prices were obtained from a pricing service, Interactive Data Corporation (IDC). While the underlying asset values are based on quoted market prices, the net asset value of the portfolio is not publicly quoted. Value is based on market-corroborated data. (Level 2 inputs).

FMIvT Diversified Small to Mid Cap Equity Portfolio

This portfolio invests mainly in domestic stocks. The majority of the underlying securities have observable Level 1 quoted pricing inputs. Most of the security prices were obtained from a pricing service, Interactive Data Corporation (IDC). While the underlying asset values are based on quoted market prices, the net asset value of the portfolio is not publicly quoted. Value is based on market-corroborated data. (Level 2 inputs).

FMIvT International Equity Portfolio

This portfolio invests in a single underlying fund, the Investec International Dynamic Equity Fund, LLC (Investec Fund), shares of which are not publicly quoted. The Investec Fund invests in stocks sold on U.S. and international exchanges, all of which have observable Level 1 quoted pricing inputs. The value of the portfolio's shares of the Intech Fund investment are determined based on the net asset value provided by the Investec Fund, which was calculated in accordance with generally accepted accounting principles. Value is based on market-corroborated data. (Level 2 inputs)

FMIvT Core Real Estate Fund

This portfolio invests in a single underlying fund, the Morgan Stanley Prime Property Fund (Morgan Stanley Fund), shares of which are not publicly quoted. The Morgan Stanley Fund invests in core real estate in the U.S. The value of the Morgan Stanley Fund investments was determined based on quarterly real estate appraisals, which were calculated in accordance with generally accepted accounting principles. Value is based on unobservable inputs (Level 3 inputs). This fund is reported at NAV as a practical expedient. There are no unfunded commitment requirements.

FMIvT Core Plus Fixed Income Fund

This fund invests in two underlying funds, the Franklin Templeton Global Multi-Sector Plus Fund, LP and the Pioneer Institutional Multi-Sector Fixed Income Portfolio, LLC. Shares of these funds are not publicly quoted. These underlying funds invest in a variety of financial instruments, including equity investments, asset-backed securities, debt securities, swaps, forward exchange contracts, credit-linked notes, escrow accounts, litigation trusts for both U.S. and foreign companies and governments. Value is based on unobservable inputs (Level 3 inputs). This fund is reported at NAV as a practical expedient. There are no unfunded commitment requirements.

Investment Management

The City has contracted with the Florida Municipal Pension Trust Fund (FMPTF) to administer the Executive Employees' Retirement Plan. The FMPTF invests pension assets in the Florida Municipal Investment Trust (the Trust), an interlocal government entity created under the laws of the State of Florida as an investment vehicle for those participating governments. The Trust invests funds into one or more investment portfolios under the supervision of investment managers. The portfolio does not distribute income or capital gains to its members. All income earned and capital gains realized are retained by the portfolio and reinvested.

Investment Policy

The Statement of Investment Policy, Objectives, and Guidelines (Policy), amended March 22, 2018, is reviewed periodically by the Board and administered by the FMPTF. Compliance with the policy is required by the investment managers and is monitored by investment consultants from FMPTF. To accomplish the objectives of the Trust, this policy identifies various authorized investment instruments, issuer diversification, maturity constraints, investment ratings and liquidity parameters. The asset mix and permitted investments established in the policy are as follows:

Investment	2018 Target	2017 Target

FINANCIAL STATEMENTS

Note 3 – Deposits and Investments (continued)

Rate of Return

For the years ended September 30, 2018 and 2017, the annual money-weighted rate of return on Plan investments, net of plan investment expense, was 9.07% and 14.91% respectively. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested. Inputs to the internal rate of return calculation are determined on a monthly basis.

Security Investment Guidelines and Risk

The Plan is potentially exposed to various types of investment risk including credit risk, custodial credit risk, concentration of credit risk, interest rate risk and foreign currency risk. Prohibited fixed income investments include tax exempt securities, private mortgages and private label residential mortgage-backed securities. The following is a detailed discussion of these investment risks and related guidelines:

Credit Risk

The Plan allows investments in Commercial Paper with A1/P1 or a comparable rating as provided by two of the top nationally recognized statistical rating organizations; and for which the corporation's long-term debt, if any, is rated at least A1/A+ by a nationally recognized statistical rating organization or, if backed by a letter of credit (LOC), the long-term debt of the LOC provider must be rated at least AA (or comparable rating) by at least two of the nationally recognized statistical rating agencies publishing ratings for financial institutions. The Plan also allows investments in Banker's Acceptances issued within the U.S. by institutions with a long-term debt rating of at least AA or short-term debt rating of P1 (or comparable rating) as provided by one nationally recognized statistical rating organization.

Non-negotiable Certificates of Deposit must be rated at least A1/P1 (or comparable rating) and a long-term rating of at least A (or comparable rating) as provided by two of the top nationally recognized rating agencies. Guaranteed Investment Contracts must be rated in the highest category by AM Best Rating System or a comparable nationally recognized statistical rating organization. All investments held in the portfolio meet these requirements. At September 30, 2018 and 2017 the portfolio met the credit rating limitations of the investment policy as presented in the preceding information.

**CITY OF BOCA RATON
EXECUTIVE EMPLOYEES' RETIREMENT PLAN**

FINANCIAL STATEMENTS

Note 3 – Deposits and Investments (continued)

Security Investment Guidelines and Risk (continued)

Custodial Credit Risk

The City's investment policy requires that all securities, with the exception of certificates of deposit, be held with a third-party custodian. Security transactions between a broker/dealer and the custodian involving the purchase or sale of securities by transfer of money or securities are made on a "delivery vs. payment" basis to ensure that the custodian will have the security or money, as appropriate, in hand at the conclusion of the transaction. As of September 30, 2018 and 2017, the City's investment portfolio was held with a third-party custodian.

Concentration of Credit Risk

The Plan allows no more than \$5 million in certificates of deposit with any one depository at one time. Corporate fixed income securities are limited to no more than 3% of any one corporation at the time of purchase. No more than \$10 million in investment agreements with other financial institutions may be entered into with any one financial institution. GASB No. 40 requires disclosures when the percent is 5% or more in any one issuer. The Plan's investments percentage distribution is presented in the fair value of deposits and investments table at the beginning of Note 3.

Interest Rate Risk

Interest rate risk exists when there is a possibility that changes in interest rates could adversely affect an investment's fair value. The Plan has a maximum maturity at purchase of 180 days with a total average maturity, at any point in time, for all repurchase agreements held of not greater than 60 days. Bankers' Acceptances maximum maturity shall not exceed 270 days from the time of purchase. Non-negotiable certificates of deposit shall not exceed 2 years. As of September 30, 2018 and 2017, no investments held in the portfolio exceeded these limits.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of fiduciary net position.

The Plan, through its investment advisor, monitors the Plan's investments and the risks associated therewith on a regular basis which the Plan believes minimizes these risks.

**CITY OF BOCA RATON
EXECUTIVE EMPLOYEES' RETIREMENT PLAN**

FINANCIAL STATEMENTS

Note 4 - Transfers To/From Other Plans

Members have status changes during their employment with the City. Certain status changes require a change in membership in the pension plan. A transfer therefore occurs to/from the General Employees' Pension Plan or the Police and Firefighters' Retirement System to the Executive Employees Retirement Plan. Further, members may elect an irrevocable transfer to a defined contribution plan.

The amount transferred as a result of the change in status or election is the actuarial value of their accrued benefit. Amounts transferred to other plans are presented on the statement of changes in fiduciary net position as deductions. Amounts transferred from other plans are presented as contributions.

Note 5 - Net Pension Liability of the City

The components of the City's net pension liability on September 30th were as follows:

<u>Component</u>	<u>2018</u>	<u>2017</u>
Total pension liability	\$ 55,399,613	\$ 52,747,317
Plan fiduciary net position	(44,870,626)	(41,862,845)
Net pension liability	\$ 10,528,987	\$ 10,884,472
Plan fiduciary net position as a percentage of the City's total pension liability	80.99%	79.36%

Significant Actuarial Assumptions

The total pension liability for fiscal year 2018 was determined by an actuarial valuation as of October 1, 2017 updated to September 30, 2018. The total pension liability for fiscal year 2017 was determined by an actuarial valuation as of October 1, 2016 updated to September 30, 2017. The following actuarial assumptions applied to all measurement periods.

<u>Assumption</u>	<u>Rate / Methodology</u>
Inflation	3.00%
Salary Increases	Varies%
Investment Rate of Return	7.25%

The mortality assumption was changed from the RP-2000 Combined Healthy Mortality Table in fiscal year 2017 to the Florida Retirement System (FRS) Mortality Table in fiscal year 2018.

**CITY OF BOCA RATON
EXECUTIVE EMPLOYEES' RETIREMENT PLAN**

FINANCIAL STATEMENTS

Note 5 –Net Pension Liability of the City (continued)

Long-term Expected Rate of Return

The long-term expected rates of return on classes of pension plan investments were developed by the investment consultant Asset Consulting Group (ACG) using Monte Carlo Simulations to analyze a range of possible outcomes and assist in making educated investment decisions. The output of the Monte Carlo Simulation is based on ACG's capital market assumptions that are derived from proprietary models based upon well-recognized financial principles and reasonable estimates about relevant future market conditions. The long-term expected rate of return was calculated by weighting the expected future real rates of return of each asset class by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of September 30, 2018 and September 30, 2017 (see the discussion of the pension plan's investment policy) are summarized in the following table:

Asset Class	2018 Long-Term Expected Real Rate of Return	2017 Long-Term Expected Real Rate of Return
Core Bonds	4.3%	4.3%
Core Plus	4.5%	4.6%
U.S. Large Cap Equity	8.1%	8.0%
U.S. Small Cap Equity	8.5%	8.5%
International Equity	8.5%	8.5%
Core Real Estate	7.3%	7.4%

Discount Rate

The discount rate used to measure the total pension liability was 7.25 percent for 2018 and 2017. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that sponsor contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the City's total pension liability.

**CITY OF BOCA RATON
EXECUTIVE EMPLOYEES' RETIREMENT PLAN**

FINANCIAL STATEMENTS

Note 5 –Net Pension Liability of the City (continued)

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability of the City, calculated using the discount rates of 7.25 percent in 2018 and 2017, as well as what the City's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate for each year:

Year	1% Decrease (6.25%)	Current Discount Rate (7.25%)	1% Increase (8.25%)
2018 Net Pension Liability	\$ 16,950,889	\$ 10,528,987	\$ 5,180,439

Year	1% Decrease (6.25%)	Current Discount Rate (7.25%)	1% Increase (8.25%)
2017 Net Pension Liability	\$ 16,564,241	\$ 10,884,472	\$ 6,091,465

Notes to Schedule

Valuation date:

Actuarially determined contribution rates are calculated as of October 1, one year prior to the beginning of the year in which contributions are reported.

Methods and assumptions used to determine contribution rates:

Assumption	Rate / Methodology
Measurement date	October 1, 2016
Actuarial cost method	Entry age
Asset valuation method	5-year smoothing
Salary increases	Varies
Inflation	3.00%
Investment rate of return	7.25%

Mortality is assumed to follow the Florida Retirement System (FRS) Mortality Table.

This schedule should present information for the last ten years. However, until ten years of information can be compiled, information will be presented for as many years as available.

REPORTING SECTION

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Trustees and Plan Administrator
City of Boca Raton Executive Employees' Retirement Plan

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the City of Boca Raton Executive Employees' Retirement Plan (the Plan), as of and for the year ended September 30, 2018 and the related notes to the financial statements, and have issued our report thereon dated March 22, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Plan's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Plan’s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations and contracts, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Plan’s internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Plan’s internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
