INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees
City of Lake Alfred General Employees' Retirement System

Report on the Financial Statements

We have audited the accompanying financial statements of the City of Lake Alfred General Employees' Retirement System, a fiduciary fund of the City of Lake Alfred, Florida, as of and for the year ended September 30, 2017 and 2016, and the related notes to the financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the City of Lake Alfred General Employees' Retirement System as of September 30, 2017 and 2016, and its changes in financial position for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Emphasis of Matters

As discussed in Note 1, these financial statements present only the City of Lake Alfred General Employees' Retirement System and do not purport to, and do not present fairly the financial position of the City of Lake Alfred, Florida, as of September 30, 2017 and 2016, and the changes in its financial position and cash flows, where applicable, for the years then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the schedule of changes in net pension liability and related ratios, schedule of contributions and the schedule of investment returns beginning on page 12 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

CITY OF LAKE ALFRED GENERAL EMPLOYEES' RETIREMENT SYSTEM

NOTES TO FINANCIAL STATEMENTS

September 30, 2017 and 2016

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND PLAN ASSET MATTERS

BASIS OF ACCOUNTING - The Plan's financial statements are prepared using the accrual basis of accounting.

REPORTING ENTITY – The financial statements presented are only for the City of Lake Alfred General Employees' Retirement System (the "Plan") and are not intended to present the basic financial statements of the City of Lake Alfred, Florida, (the "City"). The Plan is included in the City's annual financial report which is a separately issued document. The Plan is a pension trust fund (fiduciary fund type) of the City which accounts for the single employer defined pension plan for all full-time City employees who are not police officers or firefighters.

CONTRIBUTIONS - It is the employer's policy to fund the annual required contribution. Employee and employer contributions are recognized as revenues in the period in which employee services are performed. Additional contributions required to fully meet the employer's actuarial contribution requirements for the year are accrued as a receivable from the employer at year end.

PLAN EXPENSES - All costs of administering the Plan are paid out of the Plan's funds. Benefit payments, contribution refunds to participants, and administrative expenses are reported as plan expenses when paid.

METHOD USED TO VALUE INVESTMENTS - Plan investments are reported at fair value which is the price that would be received to sell an investment in an orderly transaction between market participants. All fair values are determined by the third-party custodians. Security transactions and any resulting gains or losses are accounted for by the specific identification method on a trade-date basis.

USE OF ESTIMATES - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

EXEMPT TAX STATUS - The Plan is exempt from federal income taxes under provisions of Section 501(a) of the Internal Revenue Code.

CITY OF LAKE ALFRED GENERAL EMPLOYEES' RETIREMENT SYSTEM

NOTES TO FINANCIAL STATEMENTS

September 30, 2017 and 2016

NOTE 2 – PLAN DESCRIPTION

The Plan is the administrator of a single-employer defined-benefit pension plan. The Plan was established by City Ordinance and can be amended or terminated by City Ordinance. The Plan is administered by a Board of seven trustees, three of whom, unless otherwise prohibited by law, shall be legal residents of the City and shall be appointed by the Lake Alfred City Commission, three of whom shall be members of the Plan and shall be elected by a majority of the general employees who are members of the Plan. The seventh trustee shall be chosen by a majority of the previous trustees. The Plan is a fiduciary fund of the City of Lake Alfred, Florida because it exists solely to provide benefits to City employees and the assets of the plan are included in the City's financial statements and are blended with those of the other trust and agency funds of the City.

Participation in the Plan is mandatory for all full time City employees who are not police officers or firefighters. Plan members contribute 5% of salary with the City contributing an actuarially determined amount, which was approximately 13.4% and 14.9% of annual covered payroll for the years ended September 30, 2017 and 2016, respectively. Contributions are deposited with a third-party custodian where they are invested by the money manager for the payment of benefits.

Employees are fully vested upon completion of ten years of service. Benefits are payable at normal retirement, age 57 with 10 years of service, equal to 2.72% of average final compensation multiplied by the number of service years. Average final compensation is the average salary of the 5 best years of the last 10 years of credited service prior to termination, retirement or death or the career average as a full-time general employee, whichever is greater. A year is defined as 12 consecutive months. Early retirement is available with reduced benefits at age 55 with 10 years of service.

Plan Membership – At October 1, 2016 and 2015, the participant data consisted of:

	<u>2016</u>	<u>2015</u>
Inactive plan members or beneficiaries currently receiving benefits	19	19
Inactive plan members entitled to but not yet receiving benefits	30	29
Active plan members	<u>37</u>	<u>37</u>
Total	<u>86</u>	<u>85</u>

CITY OF LAKE ALFRED GENERAL EMPLOYEES' RETIREMENT SYSTEM

NOTES TO FINANCIAL STATEMENTS

September 30, 2017 and 2016

NOTE 3 – INVESTMENTS

The Plan has contracted with the Florida Municipal Pension Trust Fund (FMPTF) to be the custodian and investment manager for the Plan's investments and has adopted FMPTF's investment policy for its investments. There were no significant investment policy changes during the year ended September 30, 2017. The FMPTF is established as a trust whereby governmental entities with employee pension plans may elect to join the trust (becoming a Participating Employer), and with the trust providing the plans with administrative and investment services for the benefit of Participating Employers, Participating Employees, and Beneficiaries. All employee pension plan assets with the FMPTF are included in the trust's Master Trust Fund. Employee pension plan assets are invested by the FMPTF through the Florida Municipal Investment Trust (FMIvT) for the benefit of the Participating Employers, Participating Employees and Beneficiaries.

The FMIvT is a Local Government Investment Pool (LGIP) and, therefore, considered an external investment pool for GASB reporting requirements. The Plan is a Participating Employer in the FMPTF and has a beneficial interest in shares in the FMIvT portfolios. The Plan's investment is the beneficial interest in the FMIvT portfolio, not the individual securities held within each portfolio.

The Board has elected to participate in the FMPTF 60/40 asset allocation model. This model uses an investment allocation ratio of not to exceed 60% of the pension trust's assets invested in equity securities (pooled equity funds managed by FMIvT) and 40% in fixed income securities (pooled fixed income funds managed by FMIvT). Within this 60/40 ratio, the FMIvT has target percentages of how it allocates a plan's investments among the various pooled accounts that it maintains for its participants.

Target Asset Allocation - The following was the Board's adopted asset allocation policy as of September 30, 2017 and September 30, 2016:

Asset Class	September 30, 2017	September 30, 2016
Cash and money market	0.40%	0.80%
FMIvT Broad Market High Quality Bond	15.70%	15.60%
FMIvT Core Plus	23.10%	23.80%
FMIvT High Quality Growth	8.00%	7.60%
FMIvT Large Cap Diversified Value	7.90%	8.20%
FMIvT Russell 1000 Enhanced Index	23.30%	22.90%
FMIvT Diversified Small to Mid Cap Equity	10.90%	11.30%
FMIvT International Equity	10.70%	9.80%
Total	100.00%	100.00%

NOTES TO FINANCIAL STATEMENTS

September 30, 2017 and 2016

NOTE 3 - INVESTMENTS (cont...)

The Board has adopted the FMPTF investment policy which authorizes investments in a variety of fixed income and domestic and international equity interest as follows:

Authorized Investments	Portfolio Concentration	Maximum Maturity	Issuer Concentration	S&P Rating
Repurchase agreements	Not Limited	180 days		
Direct obligations of the U.S. Treasury State Board of Administration or State Treasurer authorized investments	Not Limited			
Commerical paper issued in the U.S.	Not Limited	270 days		AA
Bankers' acceptances	Not Limited	270 days	5.00%	AA
Negotiable certificates of deposit	Not Limited	2 years	\$5 million	A
U.S. Government Agency securities	Not Limited			
Money market master mutual funds, limited to temporary funds	Temp Funds			
Mortgage obligations guaranteed by U.S.	Not Limited			AAA
Corporate fixed income securities issued by U.S. companies	Not Limited		3.00%	A
Asset "backed" securities issued by U.S.	Not Limited			A
State, municipal, county governments	Not Limited			A
Commingled government investment trusts	Not Limited			
Guaranteed investment contracts with highest rated companies	Not Limited			Highest AM Best
Investment agreements with financial institutions	Not Limited		\$10 million	
Equity assets	60.00%			
Florida Municipal Investment Trust (FMIVT) portfolios	Not Limited			

CITY OF LAKE ALFRED GENERAL EMPLOYEES' RETIREMENT SYSTEM

NOTES TO FINANCIAL STATEMENTS

September 30, 2017 and 2016

NOTE 3 - INVESTMENTS (cont...)

Investments at Fair Value - The Plan is a participating member of the FMPTF. All assets with the FMPTF are invested through the FMIvT for the benefit of the participating members. The FMIvT, administered by the Florida League of Cities, Inc., is an interlocal governmental entity created under the laws of the State of Florida as a local government investment pool and is considered an external investment pool for GASB purposes and therefore, the City is not required to categorize the positions in the pool within the fair value hierarchy as established by the U.S. GAAP. Redemptions from the FMIvT are permitted monthly upon advance written notification.

As of September 30, 2017 and 2016, the carrying amount of the Plan investments with the FMIvT were as follows:

Asset Class	2017	2016
Cash and money market	\$ 19,098	\$ 32,348
FMIvT Broad Market High Quality Bond	749,578	630,778
FMIvT Core Plus	1,102,882	962,341
FMIvT High Quality Growth	381,951	307,302
FMIvT Large Cap Diversified Value	377,176	331,563
FMIvT Russell 1000 Enhanced Index	1,112,431	925,950
FMIvT Diversified Small to Mid Cap Equity	520,408	456,910
FMIvT International Equity	510,859	396,258
Total	\$ 4,774,383	\$ 4,043,450

Information related to interest rate and credit risk for the Plan's fixed income investments is summarized below:

<u>Issuer/Issue</u>	<u>Fitch Rating</u>	<u>Fair Value</u>	<u>Weighted Average Duration</u>
As of September 30, 2017:			
Cash and short term money market funds	Not Rated	\$ 19,098	NA
FMIvT Core Plus Fixed Income Fund	Not Rated	1,102,882	2.24
FMIvT Broad Market High Quality Bond Fund	AAf/S4	749,578	4.74
		<u>\$ 1,871,559</u>	
As of September 30, 2016:			
Cash and short term money market funds	Not Rated	\$ 32,348	NA
FMIvT Core Plus Fixed Income Fund	Not Rated	962,341	2.04
FMIvT Broad Market High Quality Bond Fund	AAf/S4	630,778	4.45
		<u>\$ 1,625,467</u>	

CITY OF LAKE ALFRED GENERAL EMPLOYEES' RETIREMENT SYSTEM

NOTES TO FINANCIAL STATEMENTS

September 30, 2017 and 2016

NOTE 3 - INVESTMENTS (cont...)

Concentrations - The Plan did not hold investments (other than those issued or explicitly guaranteed by the US Government) in any one organization that represented 5% or more of the Plan's fiduciary net position as of September 30, 2017 and 2016.

Money-weighted Rate of Return - For the year ended September 30, 2017 and 2016, the money-weighted rate of return, net of investment expenses and adjusted for the changing amounts actually invested, for the Plan was 13.25% and 7.82% respectively.

NOTE 4 - DEFERRED RETIREMENT OPTION PROGRAM (DROP)

The Plan permits its members to elect to receive retirement benefits while still employed and receiving a salary. Members are eligible upon reaching normal retirement. The participant's retirement benefits are credited into an individual member account and paid out to the member upon termination or retirement not to exceed a period of up to 60 months. Amounts credited to the members' DROP accounts earn interest and remain in the pension plans' net position until paid out. Amounts held in DROP accounts as of September 30, 2017 totaled \$4,138 and as of September 30, 2016 the Plan had a zero balance for DROP.

NOTE 5 - NET PENSION LIABILITY

Net Pension Liability - The components of the net pension liability for the Plan as of September 30, 2017 and 2016, were as follows:

	<u>2017</u>	<u>2016</u>
Total pension liability	\$ 5,032,354	\$ 4,629,460
Plan fiduciary net position	(4,774,480)	(4,043,450)
Net pension liability	<u>\$ 257,874</u>	<u>\$ 586,010</u>
Plan fiduciary net position as percentage of the total pension liability	94.88%	87.34%

Actuarial assumptions:

Actuarial valuation date	October 1, 2016	October 1, 2015
Measurement date	<u>September 30, 2017</u>	<u>September 30, 2016</u>
Inflation	3.00%	3.00%
Salary increases	6.00%	6.00%
Discount rate	7.50%	7.50%
Investment rate of return	7.50%	7.50%
Date of actuarial experience study	September 16, 2013	September 16, 2013

Mortality rates were based on the RP-2000 mortality tables for active, inactive and disabled males or females, as appropriate, with adjustments for mortality improvements based on Scale BB.

CITY OF LAKE ALFRED GENERAL EMPLOYEES' RETIREMENT SYSTEM

NOTES TO FINANCIAL STATEMENTS

September 30, 2017 and 2016

NOTE 5 - NET PENSION LIABILITY (cont...)

Long-term Expected Real Rate of Return on Pension Plan Investments - was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. For 2017 and 2016 the inflation assumption was 2.90%. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of September 30, 2017 and 2016 are summarized in the following table.

<u>Asset Class</u>	<u>Long-term Expected Real Rate of Return</u>	
	<u>September 30, 2017</u>	<u>September 30, 2016</u>
Core Bonds	1.40%	0.49%
Core Plus	1.70%	0.97%
US Large Cap Equity	5.10%	5.83%
US Small Cap Equity	5.60%	6.55%
International Equity	5.60%	6.55%

Discount Rate - A discount rate of 7.50% was used to measure the total pension liability of the Plan as of September 30, 2017 and 2016. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that City contributions will be made at rates equal to the actuarially determined contribution rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate - The following presents the net pension liability (asset) of the City as of September 30, 2017 and 2016, calculated using the discount rate for each year, as well as what the City's net pension liability (asset) would be if it were calculated using a discount rate that is one percentage point lower and one percentage point higher than the current rate used for each year.

	<u>Discount Rate - September 30, 2017</u>		
	<u>1% Decrease</u>	<u>Current Rate</u>	<u>1% Increase</u>
	<u>6.50%</u>	<u>7.50%</u>	<u>8.50%</u>
City's Net Pension Liability (Asset)	<u>\$ 901,713</u>	<u>\$ 257,874</u>	<u>\$ (270,384)</u>
	<u>Discount Rate - September 30, 2016</u>		
	<u>1% Decrease</u>	<u>Current Rate</u>	<u>1% Increase</u>
	<u>6.50%</u>	<u>7.50%</u>	<u>8.50%</u>
City's Net Pension Liability (Asset)	<u>\$ 1,182,781</u>	<u>\$ 586,010</u>	<u>\$ 95,368</u>
