City of Safety Harbor Florida

HOME OF ESPIRITU SANTO MINERAL SPRINGS

750 Main Street

Safety Harbor, Florida 34695 ‡ FAX 724-1566 (727) 724-1555

November 10, 2023

To the Honorable Mayor, Commissioners, and Citizens of the City of Safety Harbor:

The Comprehensive Annual Financial Report of the City of Safety Harbor, Florida for the fiscal year ended September 30, 2022, is hereby submitted in accordance with Florida Statutes Chapter 218.39 and Chapter 10.550 of the Rules of the Auditor General of the State of Florida.

This report has been compiled and prepared by the City's Finance Department. Consequently, management assumes full responsibility for the completeness and reliability of all the information presented in this report. To provide a reasonable basis for making these representations, management of the City has established a comprehensive internal control framework that is designed both to protect the City's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City's financial statements in conformity with GAAP. The City's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

CliftonLarsonAllen LLP, Certified Public Accountants, have issued an unmodified ("clean") opinion on the City of Safety Harbor's financial statements for the year ended September 30, 2022. The independent auditor's report is located at the front of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditors' report and provides a narrative introduction, overview, and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

Profile of the Government

The City of Safety Harbor (the "City"), incorporated on June 11, 1917, is located in the Tampa Bay area and is primarily a bedroom community with a limited amount of supporting commercial and industrial uses. The City is located halfway between the Tampa International Airport and Pinellas County Beaches; making it perfect for homeowners who travel often but want to share in the beauty of what Pinellas County has to offer. It currently occupies approximately 5 square miles and serves a population of approximately 18,048. The City of Safety Harbor is empowered to levy a property tax on real property located within its boundaries. The City is also empowered by State Statute to extend its corporate limits by annexation, which it has done from time to time.

The City operates under the Commission-Manager form of government. The City Commission is comprised of the Mayor and four Commissioners and is responsible for enacting ordinances, resolutions, and regulations governing the City as well as appointing members to various statutory and advisory boards, the City Manager, and the City Attorney. As chief administrative officer, the City Manager is responsible for enforcement of laws and ordinances and appoints and supervises the City's department heads.

The City provides a full range of municipal services normally associated with a municipality including fire protection, street construction and maintenance, planning, zoning and redevelopment, recreation and parks, library services, storm water management and general administrative services. Law enforcement service is provided via an annual contract with the Pinellas County Sheriff's Office. In addition, water, wastewater, solid waste, and stormwater services are provided under an enterprise fund concept with user charges set by the City Commission to ensure adequate coverage of operating expenses and payment of outstanding debt.

Local Economy

The City continues to take a guarded financial approach and monitors accounts very closely. The City budgets conservatively and in the current fiscal year has managed accordingly given the impact of a 11.6 percent increase in the City's property tax base and an unemployment rate for the local metropolitan area of 2.6 percent. Safety Harbor's advantage is the fact that the City has continued to experience an extremely sound fiscal condition, and as a result has been able to continue with planned expenditures given the impact of unknowns due to the COVID pandemic.

Long-Term Financial Planning

Funding for operations and capital projects is derived from various sources, including user fees, state shared revenue, local option gas tax, Penny for Pinellas 1% sales tax, grants and contributions from state and local governments and investment returns. As sources decline or are no longer available over the next five years, the City cautiously prioritizes critical capital improvements considering the projects that are matched by grant funds and/or a dedicated funding source.

Relative to operations and economic conditions, in Fiscal Year 2022/2023, the City budgeted for a 11.8 percent increase in property taxable value and maintained the millage rate at 3.95 increasing budgeted ad valorem by \$694,700, consistent with City Commission's goal to maintain a low millage rate. Budgeted use of General Fund reserves reflected \$3,970,310 use of reserves. Citywide budgeted revenues, excluding transfers and debt proceeds, were assumed to decrease by \$8,118,420 or 16.88 percent less than the prior years estimated year-end budget with budgeted appropriations excluding transfers decreasing by \$1,899,440 or 3.7 percent. On March 11, 2021, the American Rescue Plan Act was signed into law and established the Coronavirus State and Local Fiscal Recovery Funds ("SLFRF") program.

Planning for FY 2022/2023 budget estimates brought many challenges due to the uncertainty associated with revenue impacts due to the COVID pandemic. The economic impacts at the state and local levels are to date unknown. On September 30, 2022, Tampa-St. Petersburg-Clearwater Metropolitan area unemployment is at 2.5 percent while national unemployment was 3.8 percent. Governor DeSantis declared a state of emergency in Florida on March 9, 2020. On May 3, 2021, Governor DeSantis signed an Executive Order suspending the state's remaining COVID-19 restrictions.

Funding allocated to the City from the American Rescue Plan Act totaled \$9,023,379. The City received the first distribution of funding from the American Rescue Plan Act in the amount of \$4,511,689 in FY2021. The remaining balance of \$4,511,690 was received in FY2022. Planning for the use of this funding is currently in progress.

Relevant Financial Policies

By resolution of the City Commission, the City must maintain a General Fund minimum reserve of seventeen (17) percent of General Fund expenditures of the prior years audited financial statements. Additionally, the resolution states that twenty (20) percent of General Fund operating expenditures, based on the current year's adopted budget, be committed for the specific purpose for use in the event of a major storm or other unforeseen disaster of a nonrecurring character, including environmental damage, flood, fire or tornado; provided that if federal or state funds are received to offset appropriations for such purposes, such monies shall be returned to the Stabilization Arrangement. If needed, replenishment of the stabilization arrangement will be from Unassigned Fund Balance over a period of five (5) years.

The City utilizes the modified accrual basis of accounting for all governmental fund types. Under this modified accrual basis, expenditures are generally recognized when the related liability is incurred. Revenues are recognized in the accounting period when they become measurable and available.

Accounting records for the City's proprietary funds, water, wastewater, solid waste, and stormwater, are maintained on an accrual basis with revenues being recognized when earned and expenses recognized when incurred.

Budgetary control is maintained at the departmental level. All purchase orders are compared to available line-item control accounts and if necessary, budgetary adjustments are made prior to issuing purchase orders. The City Manager is authorized to transfer any unencumbered appropriated balance or portion thereof between specific classifications of expenditures within a department. By Resolution, the City Commission may authorize the transfer of any unencumbered appropriated balance or portion thereof from one fund, office, or department to another.

Major initiatives

In preparing the Fiscal Year 2022/2023 Budget, the City identified several major programs and projects to continue to maintain the City's position of excellent service provision, financial performance, and quality of operational facilities. The Five-year Capital Improvements Plan (CIP) for FY 2022/2023 to FY 2026/2027 is \$47.8 million, of which \$15.7 million is appropriated in FY 2022/2023. Proprietary fund infrastructure projects make up 55.4 percent of the \$47.8 million five-year budgets.

The City remains active with construction projects in water and wastewater main replacements. Capital project improvements are programmed in recreation, parks, library (construction), fire, building maintenance and streets. The city completed replacement of its current Enterprise Resource Planning accounting software with a new system that allows for enhanced reporting, electronic approvals and resident and contractor online functionality Design for construction of the second-floor library addition is underway in FY2023. Construction is estimated to begin in the next fiscal year. The second story will provide additional community meeting space and relocate first floor services, opening needed space for library programs and meeting rooms on the first floor.

In fiscal year 2022, the City Commission identified "Quality of Life" and main priority goals for economic and development activities over the next few years to include the continued promotion of the competitive advantages of living, working and doing business in Safety Harbor; service development to include parks improvement programs; capital improvement projects and funding to include opportunities to purchase and develop properties downtown; budget development to include implementation of a rate study to assess the long-term sustainability of the City's water, sewer, and stormwater proprietary funds, increases in sanitation rates effective October 1, 2021 and identifying capital projects and additional uses Penny For Pinellas and CRA funding. Additional goals identified by City Commission include the transition to Pinellas County for Building Review Services, Bishop and Mullet Creek Erosion Control Study, Downtown Master Plan- CRA extension, Recycling and Contamination review/study, Rigsby Recreation Center Improvements, Folly Farm Barn Improvements, and Safety Harbor City Park Playground Surface Replacement.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) has awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Safety Harbor for its comprehensive annual financial report for the fiscal year ended September 30, 2021. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to GFOA to determine its eligibility for another certificate.

This preparation and submission of this report is due to the dedicated services of the Finance Department staff. We would like to express our sincere appreciation to all members of the department who contributed to the year-end close out process and document preparation. We would also like to express our appreciation to City departmental staff who provided a significant contribution by ensuring the accuracy and integrity of accounting information compiled and submitted throughout the entire year. Our sincerest appreciation is expressed for the City Commission's continued support and interest in the planning and conducting of the City's financial operations in a responsible manner.

We extend our gratitude to the Audit Committee for their continued support and high level of professionalism, and CliftonLarsonAllen LLP for their professionalism and expertise.

Respectfully submitted,

Matthew Spoor City Manager

CITY OF SAFETY HARBOR ORGANIZATIONAL CHART

INDEPENDENT AUDITORS' REPORT

Honorable Mayor and Members of the City Commission City of Safety Harbor, Florida

Report on the Audit of the Financial Statements *Opinions*

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Safety Harbor, Florida (City), as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of September 30, 2022, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter – Change in Accounting Principle

As discussed in Note 1 to the financial statements, effective October 1, 2021, the City adopted new accounting guidance for leases. The guidance requires lessees to recognize a right-to-use lease asset and corresponding lease liability and lessors to recognize a lease receivable and a corresponding deferred inflow of resources for all leases with lease terms greater than twelve months. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Honorable Mayor and Members of the City Commission City of Safety Harbor, Florida

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due
 to fraud or error, and design and perform audit procedures responsive to those risks. Such
 procedures include examining, on a test basis, evidence regarding the amounts and disclosures
 in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing an
 opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is
 expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Honorable Mayor and Members of the City Commission City of Safety Harbor, Florida

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion, budgetary comparison schedules for the General Fund and Community Redevelopment Agency Fund, information on pension benefits, and information on other postemployment benefits, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining and individual fund financial statements and schedules and other supplemental schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the combining and individual fund financial statements and schedules and other supplemental schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Honorable Mayor and Members of the City Commission City of Safety Harbor, Florida

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 22, 2023, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

CliftonLarsonAllen LLP

Clifton Larson Allen LLP

Tampa, Florida November 22, 2023

The City of Safety Harbor's (the City) annual financial report presents management's discussion and analysis of the City's financial performance during the fiscal year that ended on September 30, 2022. Please read it in conjunction with the transmittal letter at the front of this report and the City's basic financial statements.

FINANCIAL HIGHLIGHTS

- The assets and deferred outflows of the City of Safety Harbor exceeded its liabilities and deferred inflows on September 30, 2022, by \$106,673,892 (net position). Of this amount, \$45,010,033 (unrestricted net position) may be used to meet the City's ongoing obligations to citizens and creditors.
- The City's total net position increased over prior period by \$14,676,898 or 15.9 percent. Governmental
 net position increased by \$9,702,284 or 23.3 percent while business type net position increased by
 \$4,974,614 or 9.8 percent as of September 30, 2022.
- As of September 30, 2022, the City of Safety Harbor's governmental funds reported combined ending fund balances of \$25,848,944, an increase of \$10,112,217 in comparison with the prior year. Of this total amount, committed, assigned and unassigned fund balances of \$20,517,514 or 79.4 percent.
- The City's total debt for revenue bonds and notes decreased by repayments of principal in the amount of \$5,832,449 during the fiscal year. The total repayment of principal includes Capital Improvement Revenue Note in the amount of \$4,242,763, which was refunded with a new note amount of \$4,296,700.

OVERVIEW OF THE FINANCIAL STATEMENTS

The financial statements' focus is on both the City as a whole (government-wide) and on the individual funds. Both perspectives (government-wide and individual funds) allow the user to address relevant questions, broaden the basis for comparison from year to year or government to government and enhance the City's accountability.

This discussion and analysis are intended to serve as an introduction to the City of Safety Harbor's basic financial statements, which are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements.

Government-wide financial statements

The government-wide financial statements are designed to provide readers with a broad overview of the City's financial position and results of operations in a manner like a private-sector business.

The Statement of Net Position presents information on all the City's assets and deferred outflows, less liabilities, and deferred inflows, with the difference reported as *net position*. The focus of the Statement of Net Position is designed to be similar to bottom line results for the City and its governmental and business-type activities. This statement combines and consolidates governmental fund current economic resources (short-term spendable resources) with capital assets and long-term obligations. Over time, the increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The Statement of Activities presents information showing how the City's net position changed during the most recent fiscal year, focusing on both the gross and net costs of various activities, both governmental and business-type, that are supported by the government's general tax and other revenues. This is intended to summarize and simplify the user's analysis of the cost of basic governmental services as well as any subsidy in the business-type activities.

Both government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City includes general government; law enforcement, fire protection and building department, which provide public safety; physical environment; transportation, which includes activities associated with streetlights, streets, and sidewalks; library; and parks and recreation, which also includes Main Street events and marina activities. The business-type activities of the City include water and sewer, solid waste, and stormwater.

The government-wide financial statements include the City of Safety Harbor as a whole, as well as the component unit the Safety Harbor Community Redevelopment Agency (CRA). The CRA is reported within the general government activities.

Fund financial statements

A *fund* is a grouping of related accounts used to maintain control over the resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the governmentwide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the City's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the City's near-term financing decisions. The governmental funds' Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balances provide reconciliations to facilitate this comparison between *governmental funds* and *governmental activities*.

The City maintains fourteen individual governmental funds. Information is presented separately in the governmental fund Balance Sheet and the governmental fund Statement of Revenues, Expenditures and Changes in Fund Balances for the General Fund, Community Redevelopment Agency Fund, and Capital Projects Fund, which are considered to be major funds. Data from eleven of the governmental funds are combined into a single, aggregate presentation. Individual fund data for each of these non-major governmental funds (Special Revenue and Debt Service Funds) is provided in the form of combining statements in this report.

The City adopts an annual appropriated budget for all funds. Budgetary comparison statements have been provided for all major and non-major governmental funds to demonstrate compliance with the budget.

Proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its Water and Sewer, Solid Waste and Stormwater (drainage) operations.

The proprietary fund statements provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the City's water and sewer operations, solid waste operation and stormwater operation, all of which are considered major funds.

Internal service funds. Internal service funds are an accounting device used to accumulate and allocate costs internally among a government's various functions. The City does not currently utilize internal service funds.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the City. Fiduciary funds are *not* reflected in the government-wide financial statements because the resources of those funds are *not* available to support the City's programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The City has one fiduciary fund to account for the firefighters' retirement benefit. The fund is with the Florida League of Cities, Florida Municipal Pension Trust Fund.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents required supplementary information concerning the City's budgetary legal compliance for the General and Community Redevelopment Agency funds; the City's progress in funding the firefighters' pension obligation, general employee Florida Retirement System pension obligation; and the funding progress of the retiree health plan.

GOVERNMENT WIDE FINANCIAL STATEMENT ANALYSIS

Statement of Net Position. Net position over time may serve as a useful indicator of a government's financial position. For the current year, the City's assets and deferred outflows exceeded liabilities and deferred inflows by \$106.7 million. The following table reflects the condensed Statement of Net Position compared to the prior year. Throughout this report, increases and decreases are reflected based on current year impacts. For more detailed information see the Statement of Net Position.

Net Position

| | Governmental Activities | | Business-Type Activities | | | Total Primary Government | | | |
|----------------------------------|-------------------------|---------------|--------------------------|---------------|---------------|--------------------------|---------------|---------------|---------------|
| | 2022 | 2021 | 2020 | 2022 | 2021 | 2020 | 2022 | 2021 | 2020 |
| Assets | | | | | | | | | |
| Current and other assets | \$ 28,787,858 | \$ 25,530,257 | \$ 17,653,687 | \$ 32,592,123 | \$ 32,321,233 | \$ 29,604,855 | \$ 61,379,981 | \$ 57,851,490 | \$ 47,258,542 |

| Total Net Position | \$ 51,308,718 | \$ 41,606,434 | \$ 38,991,247 | \$ 55,365,174 | \$ 50,390,560 | \$ 45,298,648 | \$106,673,892 | \$ 91,996,994 | \$ 84,289,895 |

The largest portion of the City's net position, 47.9 percent, reflects its net investment in capital assets (e.g., land, buildings, infrastructure improvements, and vehicles and equipment) less any related debt used to acquire those assets that remains outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Resources that are subject to external or enabling legislation that restricts how they may be used make up \$10.5 million (9.9 percent) of net position. The remaining balance of unrestricted net position or \$45.0 million (42.2 percent) may be used to meet the City's ongoing obligations to citizens and creditors.

On September 30, 2022, the City is able to report positive balances in all three categories of net position, both for the City as a whole, as well as for its separate governmental and business-type activities. The same situation held true for the prior fiscal year.

Statement of Activities. The following schedule compares the revenues and expenses for the current and two previous fiscal years. More detailed information can be found in the Statement of Activities.

Governmental activities. The net position for the City's governmental activities increased by \$9,702,284.

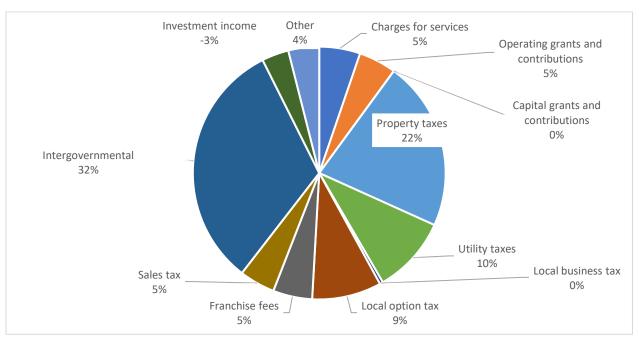

Total revenues for the City's governmental activities increased by \$9,488,987 (48.3 percent) over prior year.

Key elements are as follows:

- Program revenues decreased by \$231,368.
- Charges for services decreased by \$49,947. Of the total decrease, building permit revenues decreased by \$324,272, transportation revenues decreased by \$30,921, and recreation program revenue increased by \$281,610.
- Operating grants and contributions decreased by a net amount of \$128,822. Public safety revenue for Fire and EMS District taxes and federal storm reimbursements decreased by 11.6 percent or \$161,027; library

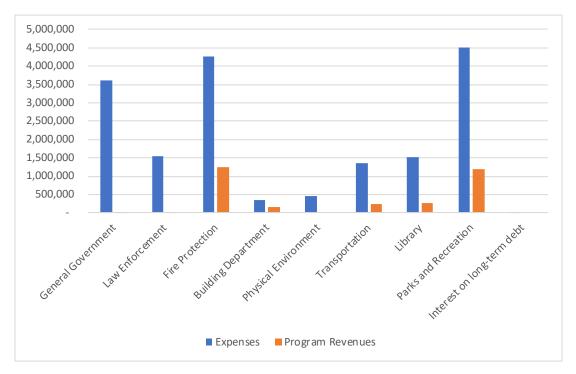

revenue from the Pinellas Public Library Cooperative increased by 5.9 percent or \$13,734. Other general grants and contributions increased by \$18,471 or 249.5%.

- Capital grants and contributions decreased by \$52,599.
- General revenues increased by 59.8 percent or \$9,720,355.
 - Property tax revenue increased by \$438,479 (6.90 percent). Gross taxable values in the City increased by 11.8 percent over prior year. City taxable values in the Community Redevelopment District increased by 14.9 percent over prior year. The millage rate remained at 3.95 consistent with prior year.
 - o Investment income and fair value adjustments decreased by \$1,071,593 from prior year due to rising interest rates that decreased the market value of mortgage related securities and bonds.
 - Utility taxes, local option taxes, sales tax, franchise fees and other intergovernmental revenue increased by \$10,363,627 or 121 percent. Revenue replacement funding received as a result of the American Rescue Plan Act funding totaling \$9,023,379 contributes to the difference in intergovernmental revenue.

Expenses for the City's governmental activities increased by \$602,250 or 3.5 percent. Key elements of the net increase are as follows:

- General government, law enforcement, fire protection, and parks and recreation came in over prior year by \$624,015. Interest on long-term debt decreased \$51,086 due to the aging of the city's outstanding governmental debt.
- Transportation, building department, physical environment, library, and interest on long term debt were
 lower than prior year by \$166,199. The largest decrease was in the building department due to permitting
 and inspections being outsourced to Pinellas County.

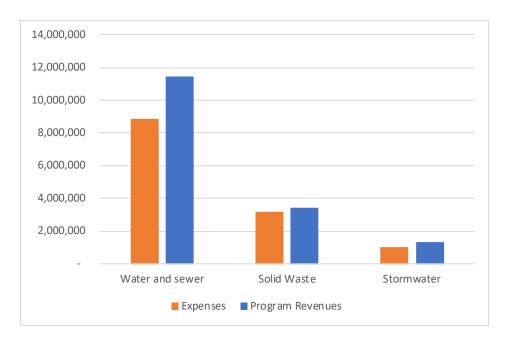

Business-type activities. Business-type activities resulted in an increase in the City's net position by \$4,974,614.

Total revenues for the City's business-type activities decreased by \$1,304,614 (7.9 percent) over prior year. Key elements are as follows:

- Program revenues increased by \$133,176, which is a 0.8 percent increase.
 - Charges for services includes revenue for water, sewer, and stormwater.
 - The city implemented the first year of a five-year rate change on January 1st of 2017. The prior FY was the final year of increase, therefore there was no rate increase for FY22. Water and sewer operating revenue decreased by \$13,201, which is a decrease of 0.1 percent over prior year. In the current fiscal year, combined consumption for water, irrigation, and sewer decreased by 1.2 percent over prior year.
 - The city implemented the first year of a five-year rate change on January 1st of 2017. The increase in stormwater rates effective October 1 of the current fiscal year was 3.0 percent. Stormwater revenue increased by \$638, which is an increase of less than 0.1 percent over prior year.
 - The city implemented the first year of a five-year rate change on January 1st of 2020. The increase in solid waste rates effective October 1 of the current fiscal year was 6.0 percent. Solid waste operating revenue realized an increase of \$127,844 or 3.7 percent.
- General revenues decreased by \$1,304,614.
 - Investment income decreased by \$1,451,000 which is consistent with economic conditions.
 - o Intergovernmental, other miscellaneous revenues and gains due to the sale of capital assets increased by \$13,210 (2.6 percent).

Expenses, including operating and nonoperating, for the City's business-type activities increased by \$612,324, which is 4.8 percent. Key elements of the increase are as follows:

- Water and sewer expenses increased by \$257,667, which is 2.9 percent over prior year. Salaries and fringes and materials and supplies increased by 4.8 and 12.8 percent, respectively. Contractual and other services increased by \$1,146 (less than .01 percent). The largest increase was due to depreciation and amortization in the amount of \$375,401 or 20.0 percent.
- Solid waste expenses increased by \$219,506 or 7.4 percent under prior year. Of the net increase, personnel services increased by \$45,493 or 4.2 percent. Materials and supplies increased by \$83,216 or 39.9 percent, due to increased expenses in equipment and vehicle parts purchases. Contractual and other services decreased by \$22,010 or 1.9 percent. Depreciation and amortization showed the largest increase by \$122,424 or 23.7 percent.
- Stormwater expenses increased by \$135,151 or 14.5 percent over prior year. Salaries and fringes increased by 35.4 percent, due to filling position vacancies within the department. Materials and supplies increased by \$23,514 or 42.3 percent. Contractual and other services increased by \$1,864 or 1.0 percent. Depreciation and amortization increased by \$6,886 or 1.7 percent.

FUND FINANCIAL STATEMENT ANALYSIS

Governmental funds. The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. Unrestricted fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of September 30, 2022, the City's governmental funds reported combined ending fund balances of \$25,848,944, an increase of \$10,112,217 over prior year. Of this total amount, \$13,439,249 or 52.0 percent is unassigned and available for spending at the City's discretion. The remainder of fund balance, \$12,409,695 or 48.0 percent is either not in spendable form or restricted, committed, or assigned for specific purposes.

The **General Fund** is the chief operating fund of the City. On September 30, 2022, committed (emergency/stabilization) and unassigned fund balance was \$17,246,184. As a measure of the General Fund's liquidity, it may be useful to compare both non-spendable and restricted fund balance as well as unrestricted fund balance to total General Fund expenditures. Fund balance that is either non-spendable (inventories and prepaids) or restricted for a specific purpose is 0.7 percent of total General Fund expenditures excluding transfers out, while committed and unassigned fund balance is 114 percent of total General Fund expenditures, excluding transfers out. The City Commission's desire of a minimum unassigned General Fund balance of the prior year's operating expenditures, including transfers out, is 17 percent (\$2,647,717). As of September 30, 2022, the City's unassigned fund balance exceeds this goal at 43.1 percent of prior year's operating expenditures.

General Fund balance increased by \$7,181,151 in the current fiscal year. Key elements of the increase are as follows:

- Revenues, including transfers in of \$157,000, total \$25,051,150, which is an increase of \$9,387,451 over prior year. The majority of the total increase is due to ARPA revenue replacement funding in the amount of \$9,023,379.
 - Ad valorem revenue increased by \$354,173, due to an increase in property values of 11.78 percent, driven by the increase in local real estate values with a millage rate of 3.95 consistent with prior year.
 - Utility taxes are increased over prior year by \$518,528 or 20.2 percent. The increase is primarily due to the increase in electric utility taxes by 29.8 percent. The communications service tax also increased by 1.0 percent.
 - Local business taxes, franchise fees, sales tax, intergovernmental, charges for services and fines and forfeitures recognized a total increase of \$9,588,246 with the largest increase due to Intergovernmental (ARPA Revenue Replacement Funding).
 - All other categories of revenues decreased under prior year by \$1,073,496 or 69.6 percent, with the largest decreases in interest income and net appreciation in the fair value of investments and investment account forfeitures.
- Expenditures of \$17,869,999, including transfers out of \$2,707,720, reflect a net increase of \$2,295,194
 or 14.7 percent over prior year. Operating expenditures excluding capital outlay and transfers increased
 by \$523,900 or 3.6 percent.
 - Capital outlay, general government and library had increases of \$32,833, \$208,080, and \$124,650 or 27.3, 7.0 and 11.5 percent, respectively. Expenses for parks and recreation also increased by \$255,757 or 7.5 percent, which reflects the gradual recovery of parks and recreation programs

after COVID shutdowns. Fire protection increased by \$193,572 or 4.9 percent over prior year, most of which can be attributed to personnel costs after filling vacancies. Engineering (Physical Environment) was \$42,173 or 11.0 percent over prior year.

- The City's contract for law enforcement services increased by \$81,027 or 5.6 percent.
- Transfers to other funds increased by \$1,732,860 over prior year of which \$1,650,000 was transferred to Water and sewer fund for repairs to water mains.
- Transportation and Building Department had decreases of \$96,771 or 15.4 percent and \$284,588 or 47.2 percent, respectively.

The **Community Redevelopment Agency (CRA)** fund balance is \$1,829,133 as of September 30, 2022. Revenue of \$1,259,240 is 0.3 percent under prior year. Municipal taxable values and County taxable values increased by 14.92 and 14.90 percent, respectively, in the tax increment financing district over prior year. With millage of 3.9500 remaining consistent with prior year, the increase in ad valorem revenue is \$84,306 over prior year. Expenditures of \$490,573, including a transfer of \$157,000 to the General Fund for Waterfront Park and a transfer of \$98,940 to Capital Projects to service debt on the acquisition of Baranoff Oak Park, are 30.7 percent lower than prior year's expenditures. Facade and partnership incentive grants totaled \$5,000; the finding of necessity study totaled \$11,979, special event holiday lighting totaled \$13,252, streetscaping in the amount of \$20,256, with other program expenditures of \$73,301. Capital improvements including brick street restoration and pre-construction work on the Library lighting upgrade and second floor addition totaled \$110,844. The details for all CRA activities are included in Note 10-Redevelopment Trust Fund within this document.

The **Capital Projects** fund balance is \$4,077,999 on September 30, 2022. Revenue of \$2,547,718 from the Penny for Pinellas sales tax (Penny) is \$351,666 (16.0 percent) over prior year. The Penny is eligible for capital infrastructure improvements as well as the servicing of debt. Current year capital improvements and acquisitions are \$623,183 (8.3 percent higher than prior year). The most significant capital outlays include the resurface of the Safety Harbor City Park playground, brick street restoration on Main St. and 4th Ave, and the roof replacements of city facilities.

More detail regarding the governmental funds can be found in the Balance Sheet and Statement of Revenues, Expenditures, and Changes in Fund Balance of this report.

Proprietary funds. The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. Unrestricted net position of the Water and Sewer, Sanitation and Stormwater funds at the end of the year were \$18,248,779, \$3,124,880, and \$3,859,609, respectively. Cumulatively, the unrestricted net position for the enterprise funds increased by \$2,064,832 from prior year or by 11.2 percent. Water/Sewer increased by \$1,676,573, Sanitation increased by \$366,528, and Stormwater increased by \$521,731. Funds restricted for debt service increased by \$146,870 and capital projects decreased by \$100,684. The total increase in net position current year is \$4,974,614.

Total operating and non-operating revenue in the proprietary funds decreased by \$1,304,614 with investment income \$1,451,000 lower than prior year.

Total expenses in the City's proprietary funds increased by \$829,587 (6.8 percent) over prior year, excluding interest on debt. Cumulatively the total of all funds in each category including salaries and fringes, materials and supplies and depreciation and amortization increased by \$848,587 while contractual and other services decreased by \$19,000. Overall, salaries and fringes increased by 7.0 percent under prior year, materials and supplies increased by 29.6 percent, and depreciation/amortization increased by 18.0 percent. Contracted services decreased by 0.3 percent.

More detail regarding the proprietary funds can be found in the Statement of Net Position-Proprietary Funds and Statement of Revenues, Expenses, and Changes in Net Position-Proprietary Funds in this report.

General Fund Budgetary Highlights

During the current year, the total increase between adopted and final budget was \$2,650,690, with a final adopted General Fund budget of \$19,034,680 (major difference due to revenue replacement funds from ARPA), including budgeted reserve. Contracts in place on September 30, 2021, were moved forward to October 1, 2021, in the amount of \$83,380, which is included in the increase between adopted and final budget. For ACFR reporting purposes, contracts in place are included in the original budget.

A supplemental budget amendment for budgeted appropriations modified multiple line items in the amount of \$9,023,379 to record the acceptance of revenue replacement funding from the American Rescue Plan Act and to record the distribution of funds to other funds.

More details regarding the General Fund Budget can be found on in the Budgetary Comparison Schedule for the General Fund in this report.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets. The City's investment in capital assets for governmental and business-type activities as of September 30, 2022, is \$64,366,106, net of accumulated depreciation. As reflected in the following schedule, the City's investment in capital assets increased in buildings, improvements other than buildings, construction in progress, and equipment in governmental activities with a decrease in construction in progress and equipment. In business-type activities, construction in progress, improvements other than buildings and equipment increased with no change in land. The net increase in the City's investment in capital assets is \$2,639,789 over prior year.

Economic Factors and Next Year's Budgets and Rates

The State of Florida, by Constitution, does not have a state personal income tax and, therefore, the State operates primarily using sales, gasoline, and corporate income taxes. Local governments (cities, counties, and school boards) primarily rely on property and a limited array of permitted other taxes (sales, gasoline, utility services, etc.) and fees (franchise, occupational license, etc.) and limited state-shared revenues for their governmental activities.

- The unemployment rate for the Tampa-St. Petersburg-Clearwater Metropolitan area on September 30, 2022, was 2.6 percent compared to the prior year's 3.9 percent. This is consistent with Florida's unemployment rate of 2.7 percent and the national unemployment rate of 3.5 percent.
- For the ninth consecutive fiscal year, property values have shown recovery with an increase of 11.78 percent in assessed values moving into the 2023 budget cycle. The millage rate was held at 3.9500 for the fifth consecutive year, budgeting for a General Fund ad valorem revenue increase of \$630,520.

- In FY 2023, \$466,589 was budgeted from General Fund reserves to balance the budget. Future years' Capital Improvements will require transfers from General Fund reserves to continue with programmed street improvements and other capital projects.
- A rate study for the Enterprise Funds was adopted by City Commission and implemented on January 1st of 2017. Effective October 1, 2018, water and wastewater increased by 11.5 percent, respectively, with a change in base charges and tiers. Stormwater increased by 3.0 percent with the equivalent residential unit (ERU) moving from \$10.61 in FY 2020 to \$10.93 in FY 2021. A rate study for Sanitation commenced in FY 2020 to address increasing rates and changes in the recycling market. Rates and charges for sanitation services increased 6.0 percent except for those charges for nonresidential (commercial) recycling fees in FY2021.
- As additional rate study was completed in FY 2022 for Enterprise funds. The purpose of this study was to
 evaluate the sufficiency of utility revenues to meet both current and projected financial requirements.
 This study reviewed and analyzed rates and rate structures for water, wastewater, and stormwater
 services. The study found that existing rates are sufficient to satisfy projections through FY 2027. Changes
 in tier structure for water rates and wastewater caps were recommended, resulting in revenue reduction
 of approximately \$25,000 and \$180,000 respectively. Additionally, multiple miscellaneous charges and
 customer deposit fees were evaluated, and rates updated to match current costs for such services.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of and demonstrate accountability for the City of Safety Harbor's finances to users and interested parties, citizens, taxpayers, customers, investors, and creditors. Questions concerning any of the information provided in this report or requests for additional information should be addressed to the Finance Director, City of Safety Harbor, 750 Main Street, Safety Harbor, Florida 34695, via the City's website (http://www.cityofsafetyharbor.com) or by phone at 727-724-1555.

CITY OF SAFETY HARBOR, FLORIDA RECONCILIATION TO THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED SEPTEMBER 30, 2022

Net change in fund balances - total governmental funds

\$ 10,112,217

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense.

| Expenditure for capital assets | 1,161,635 | |
|---|-----------|--------------|
| Less, current year depreciation and amortization | 2,183,839 | (1,022,204) |
| Debt issuances provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of principal on long-term debt is reported as an expenditure in governmental funds, but a reduction of long-term liabilities in the statement of net position. | | |
| Issuance of refunding bonds | (179,786) | |
| Payments to refunded note escrow | 177,529 | |
| Principal payments | (471,813) | |
| Lease Payment | (5,150) | 474,706 |
| Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds. | | |
| Pension related amounts | 83,833 | |
| Accrued interest on long-term debt | 24,045 | |
| Compensated absences | (25,705) | |
| Other post employment benefits | 55,392 | 137,565 |
| Change in net position - governmental activities | | \$ 9,702,284 |

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The City of Safety Harbor, Florida (the City) is a political subdivision of the state of Florida. The City was originally incorporated on June 11, 1917, and in 1982, the citizens of the City ratified the current City Charter (the Charter). The Charter provides for a Commission-Manager form of government. The City was created under legal authority of Chapter 61-2735, laws of Florida, which was subsequently amended by and adopted as ordinance No. 92-36 on December 21, 1992, and passed at referendum on March 9, 1993. The government of the City is operated by the authority of the powers granted by its Charter, as limited by the State Legislature. The City provides a full complement of municipal services, except for certain education, health, and welfare services, which are administered by other governmental entities.

The City's financial statements are prepared in accordance with generally accepted accounting principles (GAAP) as applicable to governmental units, in accordance with the Governmental Accounting Standards Board (GASB). The more significant accounting policies established under GAAP and used by the City are discussed below.

The Reporting Entity

In evaluating the City as a reporting entity, management has addressed all potential component units (traditionally separate reporting entities) for which the City may or may not be financially accountable, and, as such, be included in the City's financial statements. In accordance with GASB Statement No. 61, the Financial Reporting Entity, the City (the primary government) is financially accountable if it appoints a voting majority of the organization's governing board and (1) it is able to impose its will on the organization or (2) there is a potential for the organization to provide specific financial benefit to or impose specific financial burden on the City. Additionally, the primary government is required to consider other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. Management has determined that the Community Redevelopment Agency is the only organization that should be included in the City's financial statements as a blended component unit.

Blended Component Unit

The Community Redevelopment Agency (CRA) was created in 1992 pursuant to Chapter 163.356, Florida Statutes, City Ordinance 92-24, and City Resolutions 92-25 and 92-26. The City Commission serves as the CRA Board and there is a financial benefit or burden relationship between the City and the CRA. Although legally separate, the CRA is appropriately blended as a special revenue fund type component unit into the primary government. Separate financial statements are prepared for the CRA. Requests for additional information should be addressed to the Finance Director, City of Safety Harbor, 750 Main Street, Safety Harbor, Florida 34695, via the City's website http://www.cityofsafetyharbor.com).

The City includes advisory boards and commissions within the City in its financial statements in circumstances where the City selects the governing authority, designates management, has the ability to influence operations, and has accountability for fiscal matters of the advisory boards and commissions.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

Government-Wide and Fund Financial Statements

Government-Wide Financial Statements

The government-wide financial statements include the statement of net position and the statement of activities. These statements report financial information for the City as a whole, excluding fiduciary activities, such as employee pension plans. Individual funds are not displayed but the statements distinguish governmental activities, generally supported by taxes and City general revenues, from business-type activities, generally financed in a whole or in part with fees charged to external customers.

The statement of activities reports the expenses of a given function offset by program revenues directly connected with the function's program. A function is an assembly of similar activities and may include portions of a fund or summarize more than one fund to capture the expenses and program revenues associated with a distinct functional activity. Program revenues include: (1) charges for services, which report fees, fines and forfeitures, and other charges to users of the City's services; (2) operating grants and contributions, which finance annual operating activities; and (3) capital grants and contributions, which fund the acquisition, construction, or rehabilitation of capital assets. These revenues are subject to externally imposed restrictions to these program uses. Taxes and other revenue sources not properly included with program revenues are reported as general revenues. As a general rule, interfund accounts and transactions are eliminated.

Fund Financial Statements

Fund financial statements are provided for governmental, proprietary, and fiduciary funds. Major individual governmental and enterprise funds are reported in separate columns with composite columns for nonmajor funds.

Basis of Accounting

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements, regardless of the measurement focus applied.

The government-wide financial statements are presented on the accrual basis of accounting. The government funds in the fund financial statements are presented on a modified accrual basis of accounting.

All proprietary funds are maintained on the accrual basis of accounting with revenues being recognized when earned and expenses recognized when incurred. Operating revenues and expenses of the proprietary funds are defined revenues or expenses related to the provision of the applicable service. Non-operating revenues and expenses include items unrelated to the provision of services.

Under the modified accrual basis, revenues are recognized in the accounting period when they become measurable and available. Revenues are generally considered available when they are received in cash (unless legally restricted to some future period) or when earned and expected to be collected soon enough after yearend to pay liabilities of the current period (i.e., within 60 days of the end of the current fiscal period). Revenues which are susceptible to accrual are as follows: water, sewer and solid waste collection revenue, state revenue sharing, franchise fees, local infrastructure tax, and intergovernmental grants.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

Expenditures are recognized at the time the fund liability is incurred, if measurable. Interest and principal payments on general long-term debt and compensated absences are recognized when paid. When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as needed.

Measurement Focus

The governmental fund measurement focus (in the fund financial statements) is based on determination of financial position and changes in financial position rather than on net income. The proprietary fund measurement focus is on the determination of operating income, changes in net position, and cash flows similar to businesses in the private sector.

Fund Accounting

To ensure observance of limitations and restrictions on the use of the available resources, the financial records and accounts are maintained in accordance with the principles of fund accounting. The financial transactions of the City are recorded in individual funds. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets, liabilities, fund equity, revenues and expenditures or expenses.

The fund financial statements are presented to emphasize the major funds of the City. GASB Statement No. 34, *Basic Financial Statements-and Management's Discussion and Analysis-for State and Local Governments*, sets forth criteria for the determination of major funds. The general fund is always a major governmental fund. Based on the criteria of GASB No. 34, community redevelopment agency and capital projects funds are also considered major governmental funds. The combined total of nonmajor funds is reflected as other governmental funds. For the business-type activities, the water and sewer, solid waste, and stormwater funds are considered major funds. There are no other business-type activity funds for consideration. The fund financial statements are prepared on the modified accrual basis for governmental activities and the accrual basis for business-type activities.

Governmental Fund Types

Governmental fund types are as follows:

- General Fund accounts for and reports for all financial resources not accounted for in another fund.
- Community Redevelopment Agency accounts for and reports the proceeds of property tax revenue restricted for financing or refinancing community redevelopment pursuant to the City's adopted community redevelopment plan.
- Capital Projects Fund accounts for and reports financial resources that are restricted, committed or assigned to expenditure for capital outlay.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

Proprietary Fund Types

Proprietary fund types are as follows:

- Water and Sewer accounts for the provision of water and sewer services to the residents of the City and some county residents. All activities necessary to the provision of these services are accounted for in this fund, including, but not limited to, administration and system maintenance.
- Solid Waste accounts for the provision of solid waste removal service to the residents of the City. All activities necessary to the provision of this service are accounted for in this fund.
- Stormwater Utility Fund accounts for the provision of stormwater and drainage services to
 the City and some County residents. All activities necessary to the provision of this service are
 accounted for in this fund.

Fiduciary Fund Type

Fiduciary fund includes the pension trust fund. The measurement focus of the pension trust
fund is similar to proprietary funds. Trust funds are used to account for assets held by the City
in a trustee capacity. The City reports the Retirement Plan for the Firefighters of the City of
Safety Harbor as a pension trust fund.

Interfund Activity

Interfund activity is reported as loans, services provided reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements to a fund for payments initially made, but which are applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund and as reduction of expenditures/expenses in the fund that is reimbursed. All other interfund transactions are treated as transfers. Interfund services provided and used are not eliminated in the process of consolidation. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government-wide statements.

Budgets and Budgetary Accounting

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

- a. At least thirty days prior to October 1, the Budget Officer submits to the City Commission an operating budget and an explanatory message. The budget message contains an outline of the proposed financial policies for the fiscal year: (1) identifies any important changes from the current year in revenue items or appropriations, (2) lists pending funding, (3) presents a complete program and financial plan for the appropriation of expenditures, and (4) presents anticipated revenues and revenue sources.
- b. Public hearings are conducted by the City Commission as required by state and federal law to obtain taxpayer comments on the proposed budget.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

- c. The budget is adopted by a majority of all members of the City Commission not later than three days before October 1.
- d. The City Manager is authorized to transfer budgeted amounts between line items within a department; however, any revisions that alter the total expenditures of any department must be approved by the City Commission.
- e. Budgets for the general, special revenue, debt service, and capital projects funds are adopted on a basis consistent with GAAP. Budgeted amounts are, as originally adopted or as amended, in accordance with City Ordinance.

Section 7.28 of the City's Code of Ordinances prohibits the expenditure of any money or the incurrence of any liability in excess of the amounts appropriated for these general classifications of expenditures: personal services, contractual and other services, materials and supplies, capital outlay, and debt service.

Appropriations for outstanding authorized encumbrances are automatically re-appropriated on October 1 of the new budget year without any further action by City Commission per Section 7.13 of City Code. However, it is management's policy to request City Commission re-appropriate unexpended or unencumbered appropriations in the succeeding year's budget.

Pooled Cash and Investments

The City utilizes a consolidated cash pool to account for cash and investments of all City funds other than those which are required by ordinance to be physically segregated. The consolidated cash pool concept allows each participating fund to benefit from the economies of scale and improved yield which are inherent to a larger investment pool. Formal accounting records detail the individual equities of the participating funds.

Investments in U.S. government agencies, collateralized mortgage obligations and mortgage-backed securities are recorded at fair value, as determined by quoted market prices. If quoted market prices are not available, fair values are estimated on the basis of dealer quotes, pricing models, or quoted prices for instruments with similar characteristics. Florida PRIME, operated by the Florida State Board of Administration, currently meets all of the necessary GASB 79 criteria to elect to measure all of the investments in Florida PRIME at amortized cost; therefore, are valued at amortized cost.

Cash Equivalents

For purposes of the statement of cash flows, the proprietary funds consider pooled cash and investments to be cash equivalents since the funds can deposit or effectively withdraw cash at any time without prior notice or penalty.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

Receivables

Utility (water and sewer, solid waste, and stormwater) operating revenues are generally recognized on the basis of cycle billings rendered monthly. The City recognizes as revenue the estimated unbilled consumption as of September 30. The City has recorded an allowance for potentially uncollectible water and sewer, solid waste, and stormwater billings.

Taxes Receivable

In the governmental funds, delinquent ad valorem taxes receivable is measurable, but not available as of the end of the fiscal year and are shown as deferred inflows of resources if not expected to be collected soon enough after year-end to pay current liabilities. The deferred inflow will be recognized as revenue in the fiscal year that it becomes available. There were no delinquent ad valorem taxes receivable and related inflows of resources reported by the City for the year ended September 30, 2022.

Property Taxes

Under Florida Law, the assessment of all properties and the collection of all City property taxes are consolidated in the offices of the Pinellas County Property Appraiser and the Pinellas County Tax Collector. The laws of the State regulating tax assessments are also designed to assure a consistent property valuation method statewide. Florida Statutes permit cities to levy property taxes at a rate of up to 10 mils. The millage rate in effect for the fiscal year ended September 30, 2022, was 3.9500.

The tax levy of the City is established by the City Commission prior to October 1 of each year and the Pinellas County Property Appraiser incorporates the millage into the total tax levy, which includes the tax requirements of the municipalities, independent districts, and the Pinellas County School Board.

All property is reassessed according to its fair value on January 1 of each year. Each assessment roll is submitted to the Executive Director of the State Department of Revenue for review to determine if the rolls meet all the appropriate requirements of Florida Statutes.

All taxes are due and payable on November 1 of each year or as soon thereafter as the assessment roll is certified and delivered to the Pinellas County Tax Collector. All unpaid taxes become delinquent on April 1 following the year in which they are assessed. Currently a lien is placed on the property. Discounts are allowed for early payment at the rate of 4% in the month of November, 3% in the month of December, 2% in the month of January, and 1% in the month of February. The taxes paid in March are without discount. Delinquent taxes on real property bear interest up to 18% per year. On or prior to June 1 following the tax year, certificates are sold for all delinquent taxes on real property. Application for a tax deed on any unredeemed tax certificates may be made by the certificate holder after a period of two years. Unsold certificates are held by Pinellas County.

Delinquent taxes on personal property bear interest of 18% per year until the tax is satisfied either by seizure and sale of the property or by the five-year statute of limitations.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

Inventories and Prepaids

Inventories are stated at cost (determined on the first-in, first-out method). Equipment and office supply inventories in the governmental funds are accounted for by the purchase method where inventories are recorded as expenditures when they are acquired. The unused balance is reclassified from expenditure to inventory at year end, and a portion of fund balance is considered nonspendable for the balance of these inventories on hand at year-end. Fuel inventory in the governmental funds is accounted for by the consumption method, where inventories are recorded as expenditures when used.

The following is the breakdown in governmental fund inventories on September 30, 2022:

| Equipment supplies | \$ 25,932 |
|--------------------|--------------|
| Fuel supplies | 61,936 |
| | \$ 87,868 |

Certain advance payments to vendors, i.e., insurance premiums, reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and individual fund financial statements. The cost of these items are recorded as expenditures when consumed rather than when purchased. Prepaid items are equally offset by non-spendable fund balance and are not available for spending even though they are a component of net current assets.

Capital Assets

The City's property, plant, equipment, right-to-use leased equipment, and infrastructure with useful lives of more than one year are stated at historical cost and comprehensively reported in the government-wide financial statements. The City maintains infrastructure asset records consistent with all other capital assets. Proprietary capital assets are also reported in their respective fund financial statements. Donated assets are stated at acquisition value on the date donated. Acquisition value represents the price that would be paid to acquire an asset with equivalent service potential in an orderly market transaction at acquisition date. The City generally capitalizes assets with a cost of \$5,000 or more. The costs of normal maintenance and repairs that do not add to the asset value or materially extend useful lives are not capitalized. Capital assets, including those of component units, are depreciated/amortized using the straight-line method. When capital assets are disposed, the cost and applicable accumulated depreciation/amortization are removed from the respective accounts, and the resulting gain or loss is recorded in operations.

The estimated useful lives of the various classes of depreciable assets are as follows:

| Assets | Years |
|--------------------------------|---------|
| Buildings | 10 - 50 |
| Infrastructure | 5 - 50 |
| Machinery and equipment, | 3 - 15 |
| rigiti-to-use reased equipment | 5 - 15 |

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

Compensated Absences

It is the City's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. Vacation and sick leave maximum limits vary depending on an employee's class of service, hire date, etc. but generally vacation cannot exceed 280 hours and sick leave cannot exceed 1,800 hours. Upon separation from the City, an eligible employee is paid for all vacation time not exceeding their maximum limit and from one-quarter to one-half of accumulated unused sick leave not exceeding the sick leave maximum limit, i.e., sick leave payout is 900 hours for an employee with a 1,800-hour maximum limit. The City accrues for all earned, but unused vacation pay up to the maximum limit and the portion of unused sick leave estimated to be payable upon retirement. The current portion of compensated absences is the amount estimated to be used in the following year. For governmental activities, compensated absences are liquidated within the governmental fund where the vacation and/or sick are earned.

Long-Term Obligations

In the government-wide financial statements and proprietary fund type financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums, discounts, and deferred outflows of resources or deferred inflows of resources are amortized over the life of the related debt using the straight-line method, which approximates the effective interest method. Bonds payable are reported net of bond premiums or discounts.

In the separate fund financial statements, governmental fund types recognize bond premiums and discounts as other financing sources. Premiums received on issuance of debt are reported as other financing sources while discounts on issuance of debt are reported as other financing uses. Issuance costs, whether or not withheld from the actual issuance of debt received, are reported as debt service expenditures.

Leases – Lessee and Lessor

The City is a lessee for noncancellable leases of equipment. The City recognizes a lease liability and an intangible right-to-use lease asset (lease asset) in the applicable governmental activities or business-type activities in the government-wide and in the proprietary fund financial statements. The City capitalizes lease liabilities with an initial, individual value of \$5,000 or more.

At the commencement of a lease, the City initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized in a systematic and rational manner over the shorter of the lease term or the useful life of the underlying asset.

Key estimates and judgments related to leases include how the City determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments.

- The City uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the City generally uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable period of the lease.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

• Lease payments included in the measurement of the lease liability are composed of fixed payments and the purchase option price that the City is reasonably certain to exercise.

The City monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Lease assets are reported with other capital assets and lease liabilities are reported with long- term debt on the statement of net position.

The City is a lessor for noncancellable leases of buildings. The City recognizes a lease receivable or cash received in advance and a deferred inflow of resources in the applicable governmental activities or business-type activities in the government-wide and in the governmental and proprietary fund financial statements.

At the commencement of a lease, the City initially measures the lease receivable at the present value of payments expected to be received during the lease term or the actual cash received in advance. As applicable, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement date. Subsequently, the deferred inflow of resources is recognized as revenue over the life of the lease term.

Key estimates and judgments include how the City determines (1) the discount rate it uses to discount the expected lease receipts to present value, (2) lease term, and (3) lease receipts.

- The City uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable period of the lease.
- Lease receipts included in the measurement of the lease receivable is composed of fixed payments from the lessee.

The City monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease receivable and deferred inflows of resources if certain changes occur that are expected to significantly affect the amount of the lease receivable.

Postretirement Health and Life Insurance Benefits

The City makes healthcare insurance available for eligible retirees through the City's group health insurance plan, which covers both active and retired members. Retirees pay the full cost of healthcare insurance, which is a single, blended premium rate that is used for both active employees and retired members.

Unearned Revenue

The government-wide financial statements as well as in governmental, proprietary, and fiduciary fund financial statements, can report as unearned revenue resources that have been received but not yet earned.

Recreation, library, and street assessment revenues received but not yet earned total \$112,917.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represent a consumption of net assets that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then. The deferred outflows of resources reported in the City's statement of net position pertain to one or more of the City's pension plans: the Florida Retirement System Pension Plan, the Retiree Health Insurance Subsidy Program, and the Firefighters' Pension Plan. These amounts will be recognized as increases in pension expense in future years.

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represent an acquisition of net assets that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The deferred inflows of resources reported in the City's statement of net position pertain to one or more of the City's pension plans: the Florida Retirement System Pension Plan, the Retiree Health Insurance Subsidy Program, and the Firefighters' Pension Plan. These amounts will be recognized as reductions in pension expense in future years. The statement of net position and governmental funds balance sheet also report a deferred inflow of resources related to leases.

Fund Balances

Governmental funds

The City Commission established and adopted by resolution a fund balance policy consistent with the Government Accounting Standards Board Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. The City's policy identifies the classification of fund balances as follows:

- Non-spendable fund balance cannot be spent because it is not in spendable form, legally or contractually
 required to be maintained intact or is not yet available for spending. The City reports inventories and
 prepaids as fund balance amounts that are not in spendable form.
- Restricted fund balance is restricted for specific purposes that are either externally imposed by creditors, grantors or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The City's Special Revenue fund balance policy accounts for the following funds as restricted:

Public Safety Fund

The Public Safety fund is used to account for and report the proceeds of impact fee revenue restricted for public safety related capital improvements limited to facilities, vehicles, and equipment for firefighting and fire protection services and for emergency medical services. The Public Safety fund is restricted per Pinellas County Resolution Number 09-38, Chapter 62, Pinellas County Code, and Section 163.31801, Florida Statutes.

Multimodal Impact Fee Fund

The Multimodal Impact Fee fund is used to account for and report the proceeds of impact fee revenues that are *restricted* to expenditures for capital improvements and transportation demand and system management initiatives specified per the Pinellas County Impact Fee ordinance 16-21, as amended in the Pinellas County Land Development Code, as may be amended.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

Library Impact Fee Fund

The Library Impact Fee fund is used to account for and report the proceeds of library impact fee funds restricted for financing of capital and resource expansion of the City's Library in accordance with standards established by the Florida Library Association. The Library Impact Fee Fund is restricted per Section 163.31801, Florida Statutes, as may be amended.

Street Assessment Fund

The Street Assessment fund is used to account for and report the proceeds of special assessment revenue *restricted* for financing capital improvements for streets pursuant to Section 170.01, Florida Statutes, as may be amended.

Community Redevelopment Agency Fund

The Community Redevelopment Agency fund is used to account for, and report proceeds of revenue *restricted* for financing or refinancing community redevelopment pursuant to Section 163.370, Florida Statutes, as may be amended.

Capital Projects Fund

The Capital Projects fund is used to account for and report the proceeds of the local government infrastructure (Penny for Pinellas) discretionary sales tax that is *restricted* for the purpose of capital outlay, including the acquisition or construction of new facilities and other capital assets, pursuant to Section 212.055(2), Florida Statutes, as may be amended.

Street Lighting Fund

The Street Lighting Fund is used to account for the proceeds of special assessment revenue *restricted* to expenditure for street lighting services and facilities charges pursuant to Section 170.201, Florida Statutes, as may be amended.

Debt Service Fund

The Debt Service fund is used to account for and report resources that are *restricted* to expenditure for principal and interest of debt service pursuant to bond covenants.

- In the event the City no longer expects that a substantial portion of Special Revenue Fund inflows will be
 derived from restricted or committed revenue sources, the City may discontinue reporting these funds as
 a Special Revenue Fund and report the funds remaining as resources in the General Fund.
- Committed fund balance may only be used for specific purposes as imposed by formal action of the City
 Commission, which is the highest level of decision-making authority. Commitments of fund balance may
 only be removed or changed by taking the same type of action formally used to commit the amount, which
 is by resolution.

Marina Fund

The Marina fund is used to account for and report the proceeds from marina slip rentals that are *committed* for the specific purpose of marina expenditures, including operating, maintenance and capital outlay and improvements.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

City Tree Bank Fund

The City Tree Bank fund is used to account for and reports the proceeds from fines and mitigation for tree removal fees collected in lieu of replacing protected trees that are *committed* for the specific purpose of purchasing trees for use on city property or for use in a City sponsored reforestation program within the City limits; for the payment of fees by the City to a landscape professional or certified arborist for educating City Staff or the general public with regard to tree protection and preservation; or, for such other services or programs deemed to further the intent of Article X, Section 153.07(F) of the City of Safety Harbor Land Development Code.

Stabilization Arrangement

Commitment of general fund balance may be made by the City Commission by authorizing resolution for such purposes including, but not limited to, a) meeting future obligations resulting from a natural disaster; b) accumulating resources pursuant to a stabilization arrangement; and/or c) setting aside amounts for specific projects. Once a fund balance has been committed, the City Commission may only change the classification upon duly adopted resolution. The City maintains at a minimum, a fund balance of twenty (20) percent of General Fund operating expenditures based on the current year's adopted budget, including amendments thereto, committed for the specific purpose for use in the event of a major storm or other unforeseen disaster of a nonrecurring character, including environmental damage, flood, fire or tornado; provided that if federal or state funds are received to offset appropriations for such purposes, such monies shall be returned to the Stabilization Arrangement. Replenishment of the stabilization arrangement will be from Unassigned Fund Balance over a period of five (5) years. On September 30, 2022, the fund balance committed for stabilization is \$3,806,935.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

- Assigned fund balance is established by City Commission or City Management, the City Manager, and is
 intended to be used for specific purposes, which are neither considered restricted nor committed. The
 subsequent year's budgeted fund balance shall be assigned by the City Commission and/or City
 Management (the City Manager) as set forth in the annual budget, and any amendments thereto, to
 appropriate a portion of existing unassigned fund balance to eliminate a projected deficit in the
 subsequent year's budget in an amount not to exceed the projected excess of estimated expenditures
 over estimated revenues, transfers, and other financing sources.
- Unassigned fund balance is the residual classification for the general fund that has not been assigned to
 other funds and has not been restricted, committed, or assigned to a specific purpose within the general
 fund. The City Commission adopted a resolution whereby there shall be a targeted minimum unassigned
 fund balance of two months or seventeen (17) percent of General Fund operating expenditures based on
 the prior year's audited financial statements. This minimum unassigned fund balance shall be in addition
 to all other categories of unrestricted fund balances.

The spending order of fund balances as established by the City is to first spend restricted amounts when both restricted and unrestricted fund balances are available, unless there are legal restrictions that prohibit such action, such as grant agreements that require a dollar match. Additionally, when expenditures are incurred for purposes for which unrestricted fund balances could be used, the City shall first spend committed fund balance, followed by assigned fund balance, and then unassigned fund balance.

Restrictions on Net Position (Proprietary and Government-Wide)

Net position represents the difference between assets and liabilities. The net investment in capital assets consists of capital assets, net of accumulated depreciation/amortization, reduced by the outstanding balances of any borrowings used for the acquisition, construction, or improvement of those assets. The net investment in capital assets excludes unspent debt proceeds. Net position is reported as restricted when there are limitations imposed on use either through enabling legislation or through external restrictions imposed by creditors, grantors, laws, or regulations of other governments. All net position not reported as net investment in capital assets or restricted net position, is reported as unrestricted net position.

Fiduciary Fund Type

Fiduciary net position is used to indicate that a portion of net position that is not available for appropriation or expenditure or are legally segregated for a specified future use.

Impact of Recently Issued Accounting Principles

In June 2017, the Governmental Accounting Standards Board (GASB) issued GASB Statement No. 87, *Leases*. This standard requires the recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and as inflows of resources or outflows of resources recognized based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this standard, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources.

The City adopted the requirements of the guidance effective October 1, 2021, and has applied the provisions of this standard to the beginning of the period of adoption.

NOTE 2 – DEPOSITS AND INVESTMENTS:

Equity in Pooled Cash and Investments

On September 30, 2022, the carrying amount of the City's deposits with financial institutions, excluding fiduciary funds, was \$19,547,667 and the bank account balance was \$19,912,614. The City's cash deposits were fully insured by federal depository insurance or by collateral held by the City's agent pursuant to the Public Depository Security Act of the State of Florida. This act establishes a multiple financial institution collateral pool in which all financial institutions holding public deposits pledge a pool of collateral against all public deposits they collectively hold. In the event of a default or insolvency by a qualified public depository, any loss not covered by deposit insurance or the proceeds from the sale of securities pledged by the defaulting depository is covered by an assessment against the other qualified public depositories of the same type as the depositories during the previous 12 months in relation to total public deposits held by all depositories of the same type during the same period.

Equity in Pooled Investments

Custodial Risk

Custodial credit risk is the risk that a government will not be able to recover deposits or the value of investments in the event of the failure of a depository financial institution or a third party holding the investments' securities. All investments are held in the name of the City and all-time deposits are maintained with qualified public depositories, as previously discussed.

NOTE 2 – DEPOSITS AND INVESTMENTS (continued):

Credit Risk

Credit quality risk results from potential default of investments that are not financially sound. Florida Statutes (166.261 and 218.415) and the City's investment policy authorize the City to invest surplus public funds in:

- The Local Government Surplus Funds Trust Fund;
- Direct obligations of the United States Government;
- Obligations guaranteed by the U.S. Government as to principal and interest;
- Interest bearing time deposits or savings accounts:
 - In banks organized under the laws of Florida,
 - In national banks organized under the laws of the United States and doing business and situated in the state of Florida,
 - In savings and loan associations which are under the state of Florida's supervision and in federal savings and loan associations located in Florida and organized under federal law and federal supervision;
 - Financial institution must be approved as a qualified public depository by the State of Florida, Department of Insurance and Treasurer;
- Obligations of the Federal Home Loan Mortgage Corporation; Federal Home Loan Mortgage Corporation
 Participation Certificates; Obligations of the Federal Home Loan Banks or its district banks; Obligations
 guaranteed by the Government National Mortgage Association.

The City does not have a policy with respect to credit rating limitations beyond the types of authorized investments.

The City is a participant in the State of Florida State Board of Administration (SBA) Local Government Surplus Funds Trust Fund (Florida PRIME). The SBA Florida PRIME, with a current Standard & Poor's rating of AAAm. The SBA is authorized to administer and invest Florida PRIME consistent with Chapter 215.47, Florida Statutes. Florida PRIME meets all the necessary criteria to elect to measure all of the investments in Florida PRIME at amortized cost, which approximates fair value. The weighted average days to maturity on September 30, 2022, was 21 days. The investment policy of Florida PRIME is to manage the dollar weighted average maturity to 72 days or less.

On September 30, 2022, the fair value of the City's investments in Florida PRIME was \$6,372,617 with no liquidity restrictions.

Qualifying local government investment pools in the state of Florida must comply with applicable Florida statutory requirements. Chapter 218.409(8)(a), Florida Statutes, states that the principal balance within an LGIP trust fund is subject to withdrawal at any time. However, the Executive Director may, in good faith, on the occurrence of an event that has a material impact on liquidity or operations of the trust fund, for 48 hours limit contributions to or withdrawals from the trust fund to ensure that the Board can invest in the monies entrusted to it in exercising its fiduciary responsibility. Such action must be immediately disclosed to all participants, the Trustees, the Joint Legislative Auditing Committee, the Investment Advisory Council, and the Participant Local Government Advisory Council.

With regard to liquidity fees, Chapter 218.409(4) provides authority for an LGIP to impose penalties for early withdrawal, subject to disclosure in the enrollment materials of the amount and purpose of such fees. At present, no such disclosure has been made by the SBA.

NOTE 2 – DEPOSITS AND INVESTMENTS (continued):

On September 30, 2022, there were no redemption fees, maximum transaction amounts, or any other requirements that serve to limit a participant's daily access to 100% of their account value within Florida PRIME.

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributable to the quantity of the government's investment in a single user. Pursuant to the City's investment policy, the City diversifies its portfolio to control risk of loss resulting from over concentration of assets in a specific maturity, a specific issuer, or a specific instrument and/or class of instruments. This is accomplished by limiting investments to avoid over concentration from a specific issuer or business sector, limiting investments in securities that have higher credit risk, investing in securities with varying maturities, and continuously investing in readily available funds.

The following table shows the City's level of investment in each financial instrument issuer as a percentage of total investments along with the maximum allowed concentration by investment type.

| Investment Types | | entration air Value | Percentage Pooled Investment | | Maximum Portfo Composition pe Investment Poli | | |

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Pursuant to the City's investment policy, the City manages exposure to declines in fair value caused by rising interest rates by not investing in securities having a maturity date of more than five years from the date of purchase. Reserve funds and other funds with longer-term investment horizons may be invested in securities exceeding five (5) years if the maturity of such investments is made to coincide as nearly as practical with the expected use of the funds. Investment maturities are also laddered (staggered) throughout the year so that a portion of investments mature monthly, which further reduces exposure to declines in fair value. In addition, it is the City's practice to hold all investments until maturity, therefore, decline in fair value, if any, caused by rising interest rates are recognized for accounting purposes, but are never realized. Maturities of the City's investment portfolio are displayed in the table below.

NOTE 2 - DEPOSITS AND INVESTMENTS (continued):

| Investment Types | Fair Value | 0 to | o 1 Year | 1 to 2 Years | 2 to 3 Years | 3 to | 4 Years | М | ore than 4 Years |

City's Firefighter Pension Plan Deposit and Investments

The City participates in the Florida Municipal Pension Trust Fund which invests assets in the Florida Municipal Investment Trust (FMIvT). The FMIvT is a Local Government Investment Pool (LGIP) administered by the Florida League of Cities for the Firefighters' Pension Plan. The FMIvT is an authorized investment under Section 163.01, Florida Statutes used to invest surplus and pension funds. The FMIvT is governed by a Board of Trustees consisting of the president and second vice president of the Florida League of Cities, two representatives who are appointed from the Florida Municipal Insurance Trust and up to three members who are elected officials of governmental entities actively participating in the FMIvT.

Credit Risk

Credit risk exists when there is a possibility the issuer, or other counterparty to an investment, may be unable to fulfill its obligations. The FMIvT is considered an external investment pool for GASB reporting requirements. The City is a participating employer in the FMPTF and has a beneficial interest in shares of the FMIvT portfolio – 401(a) Defined Benefit/OPEB. The City's investment is a beneficial interest in the FMIvT 401(a) Defined Benefit/OPEB portfolio, not the individual securities held in the portfolio.

The credit risk for FMIvT funds in the portfolio is as follows:

| | Firefighters Pension Plan |
|---|---------------------------|
| | Fitch Rating |
| Fixed Income Fund: | |
| FMIvT Broad Market High Quality Bond Fund | AAf/S4 |
| FMIvT Core Plus Fixed Income Fund | Not Rated |
| | |
| Investments, at fair value: | |
| FMIvT Diversified Large Cap Equity Portfolio | Not Rated |
| FMIvT Diversified Small to Mid Cap Equity Portfolio | Not Rated |
| FMIvT International Equity Portfolio | Not Rated |
| FMIvT Core Real Estate Portfolio | Not Rated |

NOTE 2 – DEPOSITS AND INVESTMENTS (continued):

Concentration of Credit Risk

Safety of investment principal is the foremost objective of the City's investment program. Diversification of investments is practiced to reduce the chances of losses from individual securities exceeding gains from the entire portfolio. The following table reflects the portfolio's underlying funds, level of investment in each financial instrument and investment by issuer as a percentage of total investment:

| | Firefighters Pension Plan | | | |
|------------------------------|---------------------------|---------------|--|--|
| | | Amount in | | |
| | | Trust as of | | |
| | Portfolio | September 30, | | |
| | Allocation | 2022 | | |
| Cash and cash equivalents: | | | | |
| Money Market | 1.00% | \$ 131,210 | | |
| Investments, at fair value: | | | | |
| Broad Market HQ Bond Fund | 14.90% | 1,955,028 | | |
| Core Plus Fixed Income | 14.50% | 1,902,544 | | |
| Diversified Large Cap | 22.20% | 2,912,860 | | |
| Diversified Small to Mid Cap | 14.00% | 1,836,939 | | |
| International Blend | 16.90% | 2,217,448 | | |
| Core Real Estate | 16.50% | 2,164,964 | | |
| Total | | \$ 13,120,993 | | |

Interest Rate Risk

Through its investment policy and guidelines, the FMIvT manages its exposure to fair value losses arising from increasing interest rates by limiting the modified duration of certain bond funds as follows:

| | Fire Pension Inves | tment Pool (FMIvT) |
|---|--------------------|--------------------|
| | | Weighted |
| | Modified | Average Maturity |
| Fixed Income Fund | Duration in Years | (WAM) in Years |
| FM TP 1M 1 (HT 1 O 1's P 1F 1 | 5.46 | (70 |
| FMIvT Broad Market High Quality Bond Fund | 5.46 | 6.70 |
| FMIvT Core Plus Fixed Income Fund | 6.02 | 8.92 |

Fair Value Measurement

The City and the Firefighters' Pension Plan categorize fair value measurements within the fair value hierarchy established by generally accepted accounting principles. Investments are reported at fair value other than those using Net Asset Value (NAV) or amortized cost. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value determination, other than those measured using the NAV as a practical expedient, are made based upon a hierarchy that prioritizes the inputs to valuation techniques. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

NOTE 2 – DEPOSITS AND INVESTMENTS (continued):

Level 1 – Inputs are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 – Inputs include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability, and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

The City had the following recurring fair value measurements comprised of investments as of September 30, 2022:

| | | | | 2 | 022 | | | | |
|--|----|------------|----|-------------------------------------|------|----------------------|------|-----------------------|---|
| | | | | Fair V | alue | Measurements | Usin | g | |
| | | | | uoted Prices in | Sig | nificant Other | | Significant | |
| | | | | tive Markets for lentical Assets | | Observable Inputs | U | nobservable Inputs | • |
| | | Fair Value | | (Level 1) | | (Level 2) | | (Level 3) | |
| Investment by Fair Value Level | | | | | | | | | |
| U.S. Government Agency Securities | \$ | 193,585 | \$ | - | \$ | 193,585 | \$ | | - |
| Collateralized Mortgage Obligations | | 12,629,194 | | - | | 12,629,194 | | | - |
| Mortgage-backed Securities | | 15,293,518 | | - | _ | 15,293,518 | | | - |
| Total Investments Measured at Fair Value | \$ | 28,116,297 | \$ | - | \$ | 28,116,297 | \$ | | - |
| Investments Measured at | | | | | | | | | |
| Amortized Cost | | | | | | | | | |
| Money Market Mutual Fund | | 529,448 | | | | | | | |
| Certificates of Deposit - Non-negotiable | | 4,062 | | | | | | | |
| Local Government Investment Pool (LGIP) | | 6,372,617 | _ | | | | | | |
| Total Investments Measured at Cost | \$ | 6,906,127 | | | | | | | |
| Total Investments | \$ | 35,022,424 | | | | | | | |

Debt securities classified as Level 2 of the fair value hierarchy are valued using quoted prices for similar assets in active markets. The pricing methodology involves the use of evaluation models such as matrix pricing, which is based on the securities' relationship to benchmark quoted prices.

NOTE 2 – DEPOSITS AND INVESTMENTS (continued):

The Firefighters' Pension Plan had the following recurring fair value measurements comprised of investments as of September 30, 2022:

| | 2022 | | | | | | | |

| Total Investments Measured at Fair Value | \$ | 12,989,783 | \$ | - | \$ | 8,922,275 | \$ | 4,067,508 |

FMIvT Broad Market High Quality Bond Fund

This fund invests mainly in US government and agency securities, asset-backed securities and corporate bonds and notes. The underlying securities have observable Level 1 quoted pricing inputs or observable Level 2 significant other observable pricing inputs. Most of the security prices were obtained from a pricing service, Interactive Data Corporation (IDC). While the underlying asset values are based on quoted prices or market-corroborated inputs, the net asset value of the portfolio is not publicly quoted. The City reports these shares as Level 2 since the value is based on market-corroborated data.

FMIvT Core Plus Fixed Income Fund

This fund invests in a single underlying fund, the Amundi Institutional Multi-Sector Fixed Income Portfolio, LLC. Shares of the fund are not publicly quoted. The underlying fund invests in a variety of financial instruments, including equity investments, asset-backed securities, debt securities, swaps, forward exchange contracts, credit-linked notes, escrow accounts, and litigation trusts for both U.S. and foreign companies and governments. The City reports shares of this fund as Level 3, since the value is based on unobservable inputs.

FMIvT Diversified Large Cap Equity Portfolio

This portfolio invests mainly in domestic stocks and in a single underlying fund, the Intech U.S. Broad Equity Plus Fund, LLC (Intech Fund), shares of which are not publicly quoted. Most of the underlying securities have observable Level 1 quoted pricing inputs. Most of the security prices were obtained from a pricing service, Interactive Data Corporation (IDC). The value of the portfolio's shares of the Intech Fund investment is determined based on the net asset value provided by the Intech Fund, which was calculated in accordance with generally accepted accounting principles. While most of the underlying asset values are based on quoted market prices, the net asset value of the portfolio is not publicly quoted. The City reports these shares as Level 2 since the value is based on market-corroborated data.

NOTE 2 – DEPOSITS AND INVESTMENTS (continued):

FMIvT Diversified Small to Mid-Cap Equity Portfolio

This portfolio invests mainly in domestic stocks. The majority of the underlying securities have observable Level 1 quoted pricing inputs. Most of the security prices were obtained from a pricing service, Interactive Data Corporation (IDC). While the underlying asset values are based on quoted market prices, the net asset value of the portfolio is not publicly quoted. The City reports these shares as Level 2 since the value is based on market-corroborated data.

FMIvT International Equity Portfolio

This portfolio invests in two underlying funds, the Ninety One International Dynamic Equity Fund, LLC (Ninety One Fund) and the Wells Capital Management Emerging Market Large/Mid Cap Fund, LLC (Wells Fund), shares of which are not publicly quoted. Both Funds invest in stocks sold on U.S. and international exchanges, all of which have observable Level 1 quoted pricing inputs. The value of the shares of the Ninety One Fund and the Wells Fund investment is determined based on the net asset value provided by the Funds, which was calculated in accordance with generally accepted accounting principles. The City reports these shares as Level 2 since the value is based on market-corroborated data.

FMIvT Core Real Estate Fund

This portfolio invests in a single underlying fund, the Morgan Stanley Prime Property Fund (Morgan Stanley Fund), shares of which are not publicly quoted. The Morgan Stanley Fund invests in core real estate in the U.S. The value of the Morgan Stanley Fund investments was determined based on quarterly real estate appraisals, which were calculated in accordance with generally accepted accounting principles. The City reports these shares as Level 3 since the value is based on unobservable inputs.

NOTE 3 – RECEIVABLES:

Receivables on September 30, 2022, for the City's governmental and enterprise funds, including the applicable allowances for uncollectible accounts are as follows:

Accrued compensated absences, pension and OPEB are liquidated in the funds that incur the respective liabilities, which are the General fund and Enterprise funds.

NOTE 6 – LONG-TERM LIABILITIES (continued):

DEBT SERVICE

2018 Revenue Note – On November 8, 2018, the City issued a \$1,395,500 Revenue Note, Series 2018, at a fixed interest rate of 3.430% with Capital One Public Funding, LLC, which matures on March 1, 2028. The note was issued for the acquisition of two parcels of land within the city to be used for parkland and a building maintenance facility. Debt service payments are made semi-annually. The note repayment is payable solely from and secured by pledged non-ad valorem revenues budgeted, appropriated, and deposited in the debt service fund for purposes of payment.

| Revenue Refunding Bond | 3/1; 9/1 | 3/1/2028 | \$ | 1,395,500 | \$ | 888,300 |

2018 Water and Sewer Infrastructure Improvements – On December 20, 2018, the City issued a \$8,663,200 Water and Sewer Revenue Note, Series 2018, at a fixed interest rate of 3.360% with Central State Bank, N.A., which matures on November 1, 2033. Upon original issuance, the note was initially a non-revolving line of credit allowing the city to draw up to \$8,663,200 at any one time, or through a series of draws through October 31, 2019. The city issued a series of draws through September 30, 2019, in the amount of \$2,093,422, with the final draw of \$6,569,778 on October 31, 2019. The note was issued to finance various infrastructure improvements for the City's water and sewer system. Debt service payments are made semi-annually. Payment of the loan is from pledged revenues of the net revenues of the water and sewer system. On September 13, 2021, the City reissued the 2018 Water and Sewer Note to lower the interest rate to 1.99% and thus create a net present value savings of \$606,153. There was no economic gain or loss on the transaction. There were no changes to the maturity date or any other terms.

2018 Water and Sewer Infrastructure Improvements

| | Interest Rate | Final | Original | | Outstandi | ng at |

2012 Refunding Revenue Bond – On January 19, 2012, the City issued a \$4,275,000 Refunding Revenue Bond, Series 2012 Refunding & New Money, at a fixed interest rate of 2.34% with Branch Banking and Trust Company, which matures on November 1, 2021. The bond was issued in the amount of \$1,500,000 to refund \$1,445,000 of outstanding Series 2001A revenue bonds, with variable interest rates of 4.75% to 5.25% and to purchase parkland on the waterfront (New Money) for \$2,775,000. Debt service payments are made semiannually. The loan repayment obligations of the City are secured by a lien upon, and a pledge of non-ad valorem funds budgeted and appropriated for purposes of payment. This bond was paid in full on 11/1/2021.

The Refunding Revenue Bond consists of the following:

2012 Refunding Revenue Bond

2006 Capital Improvement Revenue Note and Line of Credit/2021 Refunding Capital Revenue Note — On June 21, 2006, the City issued a \$9,000,000 Capital Improvement Revenue Note, Series 2006, at a variable rate per annum equal to the one month London Interbank Offered Rate (LIBOR Rate) plus .23 basis points (.023%) with Bank of America. The line of credit was issued to finance various capital improvements as well as capital improvements for the City's water and sewer system. The line of credit converted to a fixed rate of 2.860% on April 1, 2009, with debt service payable annually. The note matures on July 1, 2029. Payment of the loan is from a covenant to budget and appropriate non-ad valorem revenues. On October 8, 2021, the City refunded the existing Capital Improvement Revenue Note, Series 2016, and will now be reported as Revenue Refunding Note, Series 2021.

2021 Refunding Capital Improvement Revenue Note – On October 8, 2021, the city issued a \$4,296,700 refunding note at a fixed rate of 1.15% with Sterling National Bank, which matures on July 1, 2029. The note was issued to refund the 2006 Capital Improvement Revenue Note. Debt service payments are made semiannually. The note contains a provision that in the event of default, interest on the Note may be included in gross income for federal income tax purposes retroactively to the date of issuance. Acceleration of the payment of principal of and interest on the Note shall not be a remedy hereunder in the case of an Event of Default.

The Revenue Note consists of the following:

2021 Refunding Capital Improvement Revenue Note

NOTE 6 – LONG-TERM LIABILITIES (continued):

Finance Obligation

On February 1, 2013, the City entered into a financed-purchase agreement with the School Board of Pinellas County, Florida for property located at 0 Elm Street, Safety Harbor, which is the site of the former Secondary School that was demolished in 2009. The financed-purchase term is fifty (50) years for a purchase price of \$250,000 and requires annual installments of \$5,000 with no annual interest rate. The City may pay in full any time during the term of the finance-purchase the outstanding balance of the finance-purchase. The future minimum finance-purchase payments as of September 30, 2022, are \$200,000.

Lease Liability

The City leases equipment for various terms under long-term, non-cancelable lease agreements. The leases expire at various dates through 2025 and have no renewal options.

Total future minimum lease payments under lease agreements are as follows:

Governmental Activities

| | <u>Principal</u> | | <u>Interest</u> |
|------------------------------|------------------|----|-----------------|
| 2023 | \$ 5,282 | \$ | 319 |
| 2024 | 5,415 | | 186 |
| 2025 | 4,630 | _ | 51 |
| Total minimum lease payments | \$ 15,326 | \$ | 555 |

Business Type Activities

| | <u>Principal</u> | | <u>Interest</u> |
|------------------------------|------------------|-------|-----------------|
| 2023 | \$ | 3,477 | \$ 205 |
| 2024 | | 3,565 | 117 |
| 2025 | | 2,733 | 29 |
| Total minimum lease payments | \$ | 9,774 | \$ 350 |

NOTE 7 – PENSION PLANS:

The City currently contributes to three defined benefit plans, two of which are no longer available to incoming employees. The Florida Retirement System Plan along with its Retiree Health Insurance Subsidy are both multiple employer cost sharing plans. These two plans are no longer offered to incoming full-time general employees. The Safety Harbor Firefighter's Pension Fund is a single employer defined benefit plan and is still offered to full-time firefighters employed with the City. The Florida Retirement System defined benefit plans were replaced with a defined contribution plan currently offered to all full-time general employees. Each of the City's pension plans are administered by a third party.

A. Florida Retirement System

Plan Description

The City contributes to the Florida Retirement System (FRS), a cost-sharing multiple employer Public Employees Retirement System (PERS) defined benefit pension plan controlled by the State Legislature and administered by the Florida Department of Administration and Division of Retirement and covers twentyseven percent of all the City's full-time employees. The FRS provides retirement and disability benefits, annual cost-of-living adjustments, health insurance subsidy, and survivor benefits to plan members and beneficiaries, respectively. The FRS was established in 1970 by Chapter 121, Florida Statutes. Changes to the law can be made only by an act of the Florida Legislature. Rules governing the operations and administration of the System may be found in Chapter 60S of the Florida Administrative Code. A comprehensive annual financial report of the Florida Retirement System, which includes its financial statements, required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services' website: www.dms.myflorida.com/workforce operations/retirement/publications.

There are over 1,000 participating employers served by the FRS and Retiree Health Insurance Subsidy (HIS) defined benefit plans. Since January of 1996, the FRS pension plan has been closed to new entrants. The number of years of creditable service required to vest for enrolled employees is determined by the employee's membership class. Employees vest after completing 10 years of creditable service apart from the senior management class which vests after completion of 7 years of creditable service. This plan includes an early retirement option which allows members who are vested but have not reached the normal retirement age or date to take a benefit reduction for each year the retirement date precedes the normal retirement age.

Deferred Retirement Option Program (DROP)

The FRS pension plan allows eligible members to participate in the Deferred Retirement Option Program (DROP). This program allows members to retire and continue working, drawing both salary and retirement benefits during participation in this program, up to 60 months.

Benefits Provided

The monthly benefit an employee receives is dependent upon the years of creditable service, percentage value of each year of creditable service and average final compensation. Average final compensation is the average of the five highest fiscal years of salary earned during covered employment. The total percentage value of the benefit received is determined by calculating the total value of all service, based on the retirement plan and/or class the employee belonged to when the service credit was earned.

Benefits received by retirees and beneficiaries are increased by a cost-of-living adjustment each July which is based on the June benefit amount. The cost-of-living adjustment (COLA) for retirements or DROP participation effective prior to August 1, 2011, is 3 percent per year. The COLA calculation for retirements

NOTE 7 – PENSION PLANS (continued):

with effective retirement dates or DROP begin dates on or after August 1, 2011, is calculated by dividing pre-July 2011 service credit by total service credit at retirement and multiplying by 3 percent.

Contributions

Presently, the System requires a 3.00% contribution from covered members in the regular, special risk and senior management classes. The City is required to contribute an actuarially determined rate. The employer's contribution rates are based upon employees' gross earnings and are effective from July 1 thru June 30. The rates effective for July 1, 2022, thru June 30, 2023, are regular employees, 11.91%; special risk, 27.83%; senior management, 31.57%; and DROP, 18.60%. The rates effective for July 1, 2021, thru June 30, 2022, are: regular employees, 10.82%; special risk, 25.89%; senior management, 29.01%; and DROP, 18.34%. The contribution requirements of the City are established by and may be amended by the State Legislature. The City's contributions to the System for the fiscal year ending September 30, 2022, was \$151,824 equal to the required contribution for this year.

Pension Costs

On September 30, 2022, the City reported a liability of \$1,307,518 for its proportionate share of the FRS pension plan's net pension liability. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2022. The City's proportion of the net pension liability was based on contributions made by the city to FRS during the measurement period relative to the total employer contributions made to FRS by all participating employers. On June 30, 2022, the City's proportion was .003514073%, which was an increase of 0.00027106% from the proportion measured as of June 30, 2021.

The City recognized a pension expense of \$9,754 for its proportionate share on September 30, 2022. The proportionate share of deferred outflows of resources and deferred inflows of resources were as follows:

| Description | 20.0 | ed Outflows Resources | - 0.0. | rred Inflows Resources |
|---|------|--------------------------|--------|---------------------------|
| Differences Between Expected and Actual Economic Experience | \$ | 62,100 | \$ | - |
| Changes in Actuarial Assumptions | | 161,026 | | - |
| Net Difference Between Projected and Actual Earnings on | | | | |
| Pension Plan Investments | | 86,335 | | - |
| Changes in Proportion and Differences Between City | | | | |
| Contributions and Proportionate Share of Contributions | | 72,775 | | 301,265 |
| City Contributions Subsequent to the Measurement Date | | 38,667 | | - |
| Total | \$ | 420,903 | \$ | 301,265 |

NOTE 7 – PENSION PLANS (continued):

A total of \$38,667 was reported as deferred outflows of resources because of contributions subsequent to the measurement date. This amount will be recognized as a reduction of the net pension liability in the year ending September 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources will be recognized in pension expense as follows:

| Year Ending September 30 | , | Amount |
|--------------------------|----|----------|
| 2023 | \$ | (61,960) |
| 2024 | | (52,730) |
| 2025 | | (58,537) |
| 2026 | | 235,676 |
| 2027 | | 18,522 |
| Thereafter | | - |

Investments

Investment management of assets contributed and held on behalf of the Florida Retirement System is provided by the State Board of Administration. Accounting and administration of benefits and contributions, commissions, actuarial studies and proposal rules and regulations for the administration of the FRS is provided by the Florida Division of Retirement. The State Legislature is responsible for setting contribution and benefit levels and providing the statutory guidance for the administration of the FRS. Plan target allocation as of September 30, 2022, was as follows:

| Investment Category | Target Allocations | Annual Arithmetic Return | Compound Annual (Geometric) Return | Standard Deviation |
|--------------------------|--------------------|--------------------------------|---|-----------------------|
| Cash | 1.0% | 2.6% | 2.6% | 1.1% |
| Fixed Income | 19.8% | 4.4% | 4.4% | 3.2% |
| Global Equity | 54.0% | 8.8% | 7.3% | 17.8% |
| Real Estate | 10.3% | 7.4% | 6.3% | 15.7% |
| Private Equity | 11.1% | 12.0% | 8.9% | 26.3% |
| Strategic Investments | 3.8% | 6.2% | 5.9% | 7.8% |
| Totals | 100.0% | | | |
| Assumed Inflation - mean | | | 2.4% | 1.3% |

NOTE 7 – PENSION PLANS (continued):

Actuarial Methods and Assumptions: Total pension liability was determined by actuarial valuation as of July 1, 2022, using the following actuarial assumptions:

| | Florida Retirement System |
|--|---|
| Valuation date | 7/1/2022 |
| Measurement date | 6/30/2022 |
| Inflation | 2.40% |
| Salary increases (including inflation) Mortality | 3.25% PUB2010 base table varies by member category and sex, projected generationally with Scale MP-2018 |
| Actuarial cost Method | Individual Entry Age |
| Investment rate of return | 6.70% |

The actuarial assumptions that determined the total pension liability as of June 30, 2022, were based on the results of an actuarial experience study for the period July 1, 2013 – June 30, 2018.

Sensitivity of the net pension liability to changes in the discount rate: The following presents the net pension liability calculated using the current discount rate of 6.70%, along with what the net pension liability would be if the discount rate used was 1-percentage-point lower (5.70 percent) and 1-percentage-point higher (7.70 percent).

| | 1% Decrease | Current Rate | 1% Increase |
|---|-------------------|-------------------|-------------------|
| | 5.70% | 6.70% | 7.70% |
| FRS Net Pension Liability | \$ 64,348,740,193 | \$ 37,208,036,193 | \$ 14,515,178,193 |
| City's proportion of net pension liability | 2,261,262 | 1,307,518 | 510,074 |
| Amounts presented were determined as of June 30 | | | |

B. Retiree Health Insurance Subsidy Program

Plan Description

The Retiree Health Insurance Subsidy (HIS) Program is a cost-sharing, multiple-employer defined benefit pension plan established and administered in accordance with section 112.363, Florida Statutes. The Florida Legislature establishes and amends the contribution requirements and benefit terms of the HIS Program.

Plan Benefits

The Program provides a monthly payment to assist retirees of the state-administered retirement systems in paying their health insurance costs. For the fiscal year ended September 30, 2022, eligible retirees and beneficiaries received a monthly HIS payment equal to the number of years of service credited at retirement multiplied by \$5. The minimum payment is \$30, and the maximum payment is \$150 per month, pursuant to section 112.363, Florida Statutes. To be eligible to receive a HIS benefit, a retiree under one

^{*}The municipal bond rate used to determine total pension liability decreased from 6.80% to 6.70%

NOTE 7 – PENSION PLANS (continued):

of the state administered retirement systems must provide proof of eligible health insurance coverage, which may include Medicare.

Contributions

The HIS plan is funded by required contributions from FRS participating employers set by the Florida Legislature. Employer contributions are a percentage of gross compensation for active FRS members. The City is required to contribute an actuarially determined rate. The contribution requirements of the City are established by and may be amended by the State Legislature. Pursuant to Section 112.363, Florida Statutes, for the plan fiscal year ended June 30, 2022, the contribution rate was 1.68 percent of gross compensation. The City's contribution to the HIS plan for fiscal year ending September 30, 2022, was \$14,684, equal to the required contribution for this year.

Pension Costs

On September 30, 2022, the City reported a liability of \$252,417 for its proportionate share of the HIS pension plan's net pension liability. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2022. The City's proportion of the net pension liability was based on contributions made by the city during the measurement period relative to the total employer contributions made by all participating employers. On June 30, 2022, the City's proportion was .002383184%, which was an increase of 0.0000247% from the same as the proportion measured as of June 30, 2021.

The City recognized a pension expense in the amount of \$69,779 for its proportionate share on September 30, 2022. The proportionate share of deferred outflows of resources and deferred inflows of resources were as follows:

| Description | Deferred Outflows of Resources | | Deferred Inflows Resources | |
|---|--------------------------------|--------|-------------------------------|---------|
| Differences Between Expected and Actual Economic Experience | \$ | 7,661 | \$ | 1,111 |
| Changes in Actuarial Assumptions Net Difference Between Projected and Actual Earnings on | | 14,469 | | 39,049 |
| Pension Plan Investments Changes in Proportion and Differences Between City | | 365 | | - |
| Contributions and Proportionate Share of Contributions | | 2,377 | | 174,791 |
| City Contributions Subsequent to the Measurement Date | | 3,833 | | |
| Total | \$ | 28,703 | \$ | 214,937 |

NOTE 7 – PENSION PLANS (continued):

A total of \$3,833 was reported as deferred outflows of resources as a result of contributions subsequent to the measurement date. This amount will be recognized as a reduction of the net pension liability in the year ending September 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources will be recognized in pension expense as follows:

| Year Ending September 30 | Amount | |
|--------------------------|--------|----------|
| 2023 | \$ | (77,379) |
| 2024 | | (51,043) |
| 2025 | | (32,042) |
| 2026 | | (18,970) |
| 2027 | | (8,378) |
| Thereafter | | (2,255) |

Actuarial Assumptions

Valuations for the HIS program are performed biennially. Total pension liability was determined by actuarial valuation using the following assumptions:

| | HIS Pension Plan Assumptions |
|--|---|
| Valuation date | 7/1/2022 |
| Measurement date | 6/30/2022 |
| Inflation | 2.40% |
| Salary increases (including inflation) | 3.25% |
| Mortality | Generational PUB-2010 with Projection Scale MP-2018 |
| Actuarial cost Method | Individual Entry Age |
| Municipal Bond Rate* | 3.54% |

^{*}The municipal bond rate used to determine total pension liability decreased from 2.16% to 3.54%

The actuarial assumptions that determined the total pension liability as of June 30, 2022, were based on the results of an actuarial experience study for the period July 1, 2013 – June 30, 2018.

The discount rate used to measure the total pension liability was 3.54% for the HIS Plan. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the HIS Plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the municipal bond index.

NOTE 7 – PENSION PLANS (continued):

Sensitivity of the net pension liability to changes in the discount rate: The following presents the net pension liability calculated using the current discount rate of 3.54 percent, along with what the net pension liability would be if the discount rate used was 1-percentage-point lower (2.54 percent) and 1-percentage-point higher (4.54 percent).

| | 1% Decrease 2.54% | | |
|--|----------------------|-------------------|------------------|
| HIS Net Pension Liability | \$ 12,117,656,828 | \$ 10,591,597,209 | \$ 9,328,814,334 |
| City's proportion of net pension liability (asset) | 288,786 | 252,417 | 222,323 |

Amounts presented were determined as of June 30

C. Defined Contribution Plan

The City contributes to one defined contribution plan for employees starting after January 1, 1996 (Opt-Out Plan). Plan provisions and contributions are established by City Resolution. The plan is administered by ICMA Retirement Corporation. Plan investments are recorded at fair value. The Opt-Out Plan is fully vested upon completion of five or more years of service. The City contributes 8% of participants' earnings to the 401(a) plan accounts for general employees. Employees are not permitted to contribute to this plan. Employer contributions are recognized in the period that the contributions are due. The City contribution to the 401(a) plan accounts for general employees was \$414,320 for the year ended September 30, 2022. For the City Manager, retirement participation is in a 401(a) plan with the ICMA with a 12.5% City contribution. The total plan contribution for fiscal year 2022 for the City Manager was \$18,978.

D. Firefighters' Pension Plan

Plan Description

Plan Administration. The City of Safety Harbor Firefighter Pension Fund (Firefighters Plan) has been established to conform to the Retirement Trust Fund provisions of Chapter 175 of Florida Statutes, as modified by local ordinance. The Firefighter's Plan is a single employer defined benefit plan, which is administered by the Board of Trustees, which was established by local ordinance and covers all firefighters employed by the City of Safety Harbor.

The Board of Trustees is composed of five members. Two members are appointed by City Commission, two are elected by plan members and one is elected by the Board of Trustees and appointed by the City Commission.

The Firefighters Plan issues a stand-alone financial report each year that contains information about the plan's fiduciary net position. The plan's fiduciary net position has been determined on the same basis used by the pension plan and is equal to the fair value of assets calculated under the accrual basis of accounting. This report is available to the public at the plan's administrative office: Retirement Department, Florida League of Cities, Inc., P.O. Box 1757, Tallahassee, FL 32302 or calling (800) 342-8112.

NOTE 7 – PENSION PLANS (continued):

Plan Membership. On September 30, 2022, pension plan membership consists of the following:

| Membership Classification | Number of Plan Members |
|---|------------------------------|
| Inactive plan members or beneficiaries currently receiving benefits | 3 |
| Inactive plan members entitled to but not yet receiving benefits | 6 |
| Active plan members | 26 |
| | 35 |

Benefits Provided. The Firefighters Plan provides retirement, disability, and pre-retirement death benefits. Retirement benefits for plan members are calculated as 3 percent of average earnings (highest 5 years of pensionable earnings out of last 10 years) times the members' years of service. Disability benefits are calculated as 42 percent of average earnings or result of retirement pension formula, whichever is largest. The minimum disability benefit is calculated as 2 percent of average earnings times the years of service. Pre-retirement death benefits are calculated as 50 percent of pensionable earnings. Normal retirement for plan members is 55 years of age with 10 years of service or any age with at least 25 years of service. Early retirement is available to plan members 50 years of age with at least 10 years of service. Early retirement pension is reduced by 3 percent for each year by which the early retirement date precedes the normal retirement date. Plan members become 100 percent vested after 10 years of service. Benefit terms provide for annual cost-of-living adjustments of 2 percent per annum.

Contributions. Plan members are required to contribute 1 percent of their annual covered salary. The City's contribution to the fund is determined by actuarial valuation. The City is required to contribute an amount equal to the minimum required contribution as a percentage of covered payroll. The employee contribution requirement may be amended by City ordinance, but the employer contribution requirement is subject to State minimums. The City's contribution of \$414,320 (23.90 percent of covered payroll) for 2022 is reflected in the departmental expenditures section of the General Fund. The state of Florida levies a tax on property, casualty and auto insurance premiums, the proceeds of which are distributed to the Plan.

NOTE 7 – PENSION PLANS (continued):

Pension Expense and Deferred Outflows and Inflows of Resources. On September 30, 2022, the City reported a net pension asset of \$1,406,285. The net pension asset was measured as of September 30, 2022. The City recognized pension expense of \$590,803 on September 30, 2022. Deferred outflows of resources and deferred inflows of resources were as follows:

| Description | Deferred Outflows of Resources | | | | |
|--|--------------------------------|-----------|----|-----------|--|
| Differences Between Expected and Actual Economic Experience | \$ | 229,125 | \$ | 1,082,373 | |
| Changes in Actuarial Assumptions Net Difference Between Projected and Actual Earnings on | | 846,578 | | 263,416 | |
| Pension Plan Investments | | 1,448,186 | | - | |
| Total | \$ | 2,523,889 | \$ | 1,345,789 | |

Other amounts reported as deferred outflows of resources and deferred inflows of resources will be recognized in pension expense as follows:

| Year Ending September 30 | Amount |
|--------------------------|---------------|
| 2023 | \$ 312,047 |
| 2024 | 284,022 |
| 2025 | 279,825 |
| 2026 | 557,052 |
| 2027 | (3,810) |
| Thereafter | (251,036) |

NOTE 7 - PENSION PLANS (continued):

Investment Policy. The Plan's policy regarding the allocation of invested assets is established and may be amended by the Florida League of Cities. The primary investment objective is long-term capital and income growth consistent with capital conservation. Consistent returns and avoiding extreme fair value volatility is emphasized. Plan target allocation as of September 30, 2022, was as follows:

| Investment Category | Target Allocations |
|--------------------------------------|--------------------|
| Core Bonds | 15% |
| Core Plus | 15% |
| U.S. Large Cap Equity | 25% |
| U.S. Small Cap Equity | 14% |
| Non U.S. Equity | 21% |
| Core Real Estate | 10% |
| Total or Weighted Arithmetic Average | 100% |

For the year ended September 30, 2022, the long-term investment rate of return assumption was 4.38%. The money-weighted rate of return, which expresses investment performance, net of investment expense, adjusted for the changing amounts invested, was 13.37% for the year ended September 30, 2022.

Net Pension Liability (Asset)

The components of the net pension liability (asset) on September 30, 2022, were as follows:

| Total pension liability | \$ 10,656,534 |
|--|-------------------|
| Plan fiduciary net position | (12,062,819) |
| City's net pension liability (asset) | \$ (1,406,285) |
| | |
| Plan fiduciary net position as a percentage of total pension | |
| liability | -113.20% |

NOTE 7 - PENSION PLANS (continued):

Actuarial Methods and Assumptions: Total pension liability was determined by actuarial valuation as of September 30, 2022, using the following actuarial assumptions:

| <u></u> | | |
|--------------------------|---------------------------|--|
| _ | Firefighters Pension Plan | |
| | | |
| Valuation date | 10/1/2021 | |
| Measurement date | 9/30/2022 | |
| Actuarial cost Method | Aggregate Cost** | |
| Asset valuation method | Fair value | |
| Discount rate* | 7.00% per annum | |
| Salary increases | 4.50% per annum | |
| Cost of living increases | 2.00% per annum | |
| | | |

Since the prior measurement date, the mortality basis was changed from the RP-2000 Blue Collar Mortality Table with generational improvements in mortality using Scale BB to selected PUB-2010 Mortality Tables with generational improvements in mortality using Scale MP-2018.

Mortality Basis: Selected PUB-2010 Mortality Tables with generational improvements in mortality using Scale MP-2018.

Retirement is assumed to occur at the most valuable retirement age.

^{*}The discount rate of 7.00% was used to discount all future benefit payments (2.62% per annum is attributable to long-term inflation).

^{**}Because the aggregate actuarial cost method does not identify or separately amortize unfunded actuarial liabilities, information about funded status and funded progress is prepared using the entry age normal cost method and is intended to serve as a surrogate for the funded status of the plan.

NOTE 7 – PENSION PLANS (continued):

Rate of Return: The long-term expected real rate of return on plan asset classes as of September 30, 2022, are as follows:

| Investment Category | estment Category Long-Term Expected Real Rate of Return | | |
|--------------------------------------|---|--|--|
| Core Bonds | 1.60% per annum | | |
| Core Plus | 2.10% per annum | | |
| US Large Cap Equity | 4.60% per annum | | |
| US Small Cap Equity | 5.50% per annum | | |
| Non-US Equity | 6.70% per annum | | |
| Core Real Estate | 5.00% per annum | | |
| Total or Weighted Arithmetic Average | 4.38% per annum | | |

Changes in Net Pension Liability:

| | Тс | Total Pension Liability | | Fiduciary Net Position | | let Pension Liability |
|----------------------------------|----|----------------------------|----|---------------------------|----|--------------------------|
| Balance as of September 30, 2021 | \$ | 9,853,792 | \$ | (13,522,868) | | (3,669,076) |
| Changes due to: | | | | | | |
| Service Cost | | 591,236 | | - | | 591,236 |

| Administrative Expenses | | - | | 50,813 | | 50,813 |
| Assumption Changes | | - | | | | |
| Balance as of September 30, 2021 | \$ | 10,656,534 | \$ | (12,062,819) | \$ | (1,406,285) |

Sensitivity of the net pension liability (asset) to changes in the discount rate: The following presents the net pension asset calculated using the current discount rate of 7.00 percent, along with what the net pension liability would be if the discount rate used was 1-percentage-point lower (6.00 percent) and 1- percentage-point higher (8.00 percent).

NOTE 7 – PENSION PLANS (continued):

| | 1 | 1% Decrease Current Rate 6.00% 7.00% | | 1% Increase 8.00% | | |
|-------------------------------|----|--------------------------------------|----|----------------------|----|--------------|
| Total pension liability | \$ | 12,462,430 | \$ | 10,656,534 | \$ | 9,225,935 |
| Fiduciary net position | | (12,062,819) | | (12,062,819) | | (12,062,819) |
| Net pension liability (asset) | \$ | 399,611 | \$ | (1,406,285) | \$ | (2,836,884) |

E. Summary

The aggregate amount of net pension asset, pension liability, deferred inflows of resources, deferred outflows of resources, and pension expense for the City's defined benefit pension plans are summarized below. These liabilities are typically liquidated by the individual funds in which the employee's costs are associated.

| | Firefighters | | | |
|--|--------------|-----------|----------|--------------|
| Description | Plan | FRS Plan | HIS Plan | Total |
| Net Pension Asset | \$1,406,285 | \$ - | \$ - | \$ 1,406,285 |
| Net Pension Liability | - | 1,307,518 | 252,417 | 1,559,935 |
| Deferred Outflows of Resources Related to Pensions | 2,523,889 | 420,903 | 28,703 | 2,973,495 |
| Deferred Inflows of Resources Related to Pensions | 1,345,789 | 301,265 | 214,937 | 1,861,991 |
| Pension Expense | 590,803 | (9,754) | (69,779) | 511,270 |

F. Firefighters' Pension Plan – Share Plan

Plan Description

In accordance with Chapter 175, Section 351(6) of Florida Statues, the Firefighters Plan has a defined contribution plan component (Share Plan) which provides special benefits to firefighters enrolled in the defined benefit plan. This Share Plan is funded solely by State of Florida Chapter 175 premium tax monies allocated to the plan. There is no employer or employee contributions. Since 1999 annual premium tax proceeds have been set aside for extra benefits and in fiscal year 2014, City Commission adopted a resolution allowing firefighters enrolled in the Firefighters Plan a share of these proceeds based on years of service until retirement. Normal vesting in this plan occurs after 10 years of employment. The Share Plan balance as of September 30, 2022, is \$1,049,736. The Share Plan balance is reported in the City's fiduciary trust fund financial statements.

NOTE 8 – DEFERRED COMPENSATION PLAN:

The City offers an optional deferred compensation plan, created in accordance with Internal Revenue Code Section 457, to all employees in addition to pension plans. Under the provisions of Internal Revenue Code Section 457, *Deferred Compensation Plans*, and GASB Statement No. 32, *Accounting and Financial Reporting for IRS Code Section 457 Deferred Compensation Plans*, all assets and income of the plan are held in trust for the exclusive benefit of participants. Accordingly, the assets and liabilities of the plan are not reported within the City's financial statements on September 30, 2022.

NOTE 9 – OTHER POSTEMPLOYMENT BENEFITS (OPEB):

Plan Description

The City operates a single-employer retiree benefit plan (the "Plan) that provides certain healthcare related benefits to retirees and certain other employees. The City is required by section 112.0801, Florida Statutes, to allow retirees and certain other former employees to continue to participate in the City's fully insured plan.

Benefits Provided

Retirees are fully responsible for payment of their insurance premiums, and the City generally does not contribute toward this payment. However, retirees pay for the cost of this benefit at a single, blended premium rate that the City uses for both active employees and retirees. The difference between the amount the retiree is required to pay at the implicitly subsidized premium rates and the actual cost to the City meets the definition of OPEB.

Plan Membership. On September 30, 2022, pension plan membership consists of the following:

| | Number of |
|---|-----------|
| | Plan |
| Membership Classification | Members |
| Inactive plan members or beneficiaries currently receiving benefits | 25 |
| Inactive plan members entitled to but not yet receiving benefits | 0 |
| Active plan members | 140 |
| | 165 |

Contributions

The required contribution by the City is based on pay-as-you-go financing requirements. Retirees must contribute an amount equal to 100% of the applicable health insurance premium as determined by the carrier. The City has no legal or contractual obligation to make contributions to a qualified trust to fund OPEB.

Total OPEB Liability

The City's OPEB Liability was measured as of September 30, 2022, and was determined by an actuarial valuation as of October 1, 2021, with results rolled forward to get to the September 30, 2022, measurement date.

NOTE 9 - OTHER POSTEMPLOYMENT BENEFITS (OPEB) (continued):

Actuarial Assumptions

Actuarial valuation date Measurement date

Total OPEB liability was determined by actuarial valuation as of September 30, 2022, using the following actuarial assumptions:

| Other Postemployment Benefit Plan |
|-----------------------------------|
| |
| 10/1/2021 |
| 9/30/2022 |

Discount rate 4.02%

Salary increases 3.00% per annum

Healthcare cost trend rates The health care cost trend assumptions are used to project the cost of

healthcare in future years. The following annual trends are based on the current HCA Consulting trend study and are applied on a select and ultimate basis. Select trends are reduced 0.25% each year until reaching the ultimate

trend rate.

| Expense Type | Select | Ultimate |
|--------------------------------------|--------|----------|
| Pre-Midicate Medical and Rx Benefits | 7.00% | 4.00% |
| Medicare Benefits | 6.00% | 4.00% |
| Stop Loss Fees | 7.00% | 4.00% |
| Administration Fees | 4.00% | 4.00% |

Mortality PUB-2010 mortality table with generation scale MP-2020

Changes The discount rate was updated from 2.26% to 4.02%.

NOTE 9 – OTHER POSTEMPLOYMENT BENEFITS (OPEB) (continued):

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point.

This actuarial valuation involves estimates of the value of reported amounts and assumptions about the probability of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined in the valuation are subject to constant revision as actual experience are compared with past expectations and new estimates are made about the future. The schedule of changes in the City's net OPEB liability, presented as required supplementary information following the notes to the financial statements, presents multi-year trend information and shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial liabilities for benefits.

Discount Rate Liability

The discount rate used to measure total OPEB Liability was 2.26%. This rate is based on the Bond Buyer 20-GO Index as of the measurement date.

Changes on Total OPEB Liability

| | Total OPEB Liability | |
|--|-------------------------|-----------|
| | | |
| Balance as of October 01, 2021 | \$ | 755,999 |
| Changes due to: | | |
| Service Cost | | 17,186 |
| Interest Cost | | 16,791 |
| Changes in assumptions or other inputs | | (106,063) |
| Benefit bayment | | (60,431) |
| Net change in total OPEB Liability | | (132,517) |
| Balance as of September 30, 2022 | \$ 623,482 | |

NOTE 9 - OTHER POSTEMPLOYMENT BENEFITS (OPEB) (continued):

Sensitivity of the total OPEB liability to changes in the discount rate: The following presents the total OPEB liability calculated using the current discount rate of 4.02%, along with what the total OPEB liability would be if the discount rate used was 1-percentage-point lower (3.02 percent) and 1-percentage-point higher (5.02 percent).

| | 1 % | Decrease | Cu | rrent Rate | 1% Increase | | | | |
|----------------------|-----|----------|----|------------|-------------|---------|--|--|--|
| | 1/0 | | Cu | | 1/ | | | | |
| | | 3.02% | | 4.02% | 5.02% | | | | |
| | | | | | | | | | |
| Total OPEB liability | \$ | 695,000 | \$ | 623,482 | \$ | 568,000 | | | |

Sensitivity of the net OPEB liability to changes in the healthcare cost trend rates: The following presents the total OPEB liability calculated using the current healthcare cost trend rate of 6.75 percent graded down to 4.00 percent, along with what the total OPEB liability would be if the healthcare cost trend rate used was 1-percentage-point lower (5.75 percent graded down to 3.00 percent) and 1-percentage-point higher (7.75 percent graded down to 5.00 percent).

| | 5.7 | 1% Decrease 5.75% graded down to 3.00% | | rend Rate 5% graded n to 4.00% | 7.7 | 6 Increase 5% graded yn to 5.00% |
|----------------------|-----|--|----|--------------------------------------|-----|--|
| Total OPEB liability | \$ | 556,000 | \$ | 623,482 | \$ | 710,000 |

OPEB Costs – For the year ended September 30, 2022, the City recognized OPEB contra-expense of \$16,175. In addition, the City reported OPEB deferred inflows of resources from the following sources:

| Description | Ou | Deferred utflows of esources | Deferred Inflows of Resources | | | |
|--|----|------------------------------------|---|--|--|--|
| Differences between expected and actual experience Changes of assumptions/inputs Total | \$ | 59,820 123,135 182,955 | \$ (364,280) (563,982) (928,262) | | | |

NOTE 9 – OTHER POSTEMPLOYMENT BENEFITS (OPEB) (continued):

Other amounts reported as deferred outflows of resources and deferred inflows of resources will be recognized in pension expense as follows:

| Year Ending September 30, | Amount | | | | |
|---------------------------|----------------|--|--|--|--|
| 2023 | \$ (50,152) | | | | |
| 2024 | (50,152) | | | | |
| 2025 | (50,152) | | | | |
| 2026 | (50,152) | | | | |
| 2027 | (50,152) | | | | |
| Thereafter | (494,547) | | | | |

NOTE 10 – REDEVELOPMENT TRUST FUND:

Pursuant to Florida Statute 163.387, the schedule below provides a summary of the sources of deposits into, and the amount and purpose of withdrawals from, the Redevelopment Trust Fund (Community Redevelopment Agency Fund) for the fiscal year ended September 30, 2022.

| Totals | \$ | 1,259,560 | \$ | 490,573 | |
| | | | | | |

NOTE 11 – RISK MANAGEMENT:

The City is a member of Public Risk Management (PRM), a local government liability risk pool. PRM administers insurance activities relating to property, general, automobile, and public officials' liability, employees' health, and auto physical damage. PRM absorbs losses up to a specified amount annually and purchases excess and other specific coverages from third-party carriers. PRM assesses each member their pro rata share of the estimated amount required to meet current year losses and operating expenses. If total member assessments (premiums) do not produce sufficient funds to meet its obligations, PRM can make additional limited assessments. Losses, if any, in excess of PRM's ability to assess its members would revert back to the member that incurred the loss. No additional assessments were levied by PRM to the City for the fiscal year ended September 30, 2021. The City had no significant reductions in insurance coverage during the fiscal year ended September 30, 2021. In addition, there have been no settlements that exceeded the City's insurance coverage in any of the past three fiscal years.

The City is a defendant in various legal actions that, in the opinion of management, will not have a significant effect on the financial position or results of operations of the City.

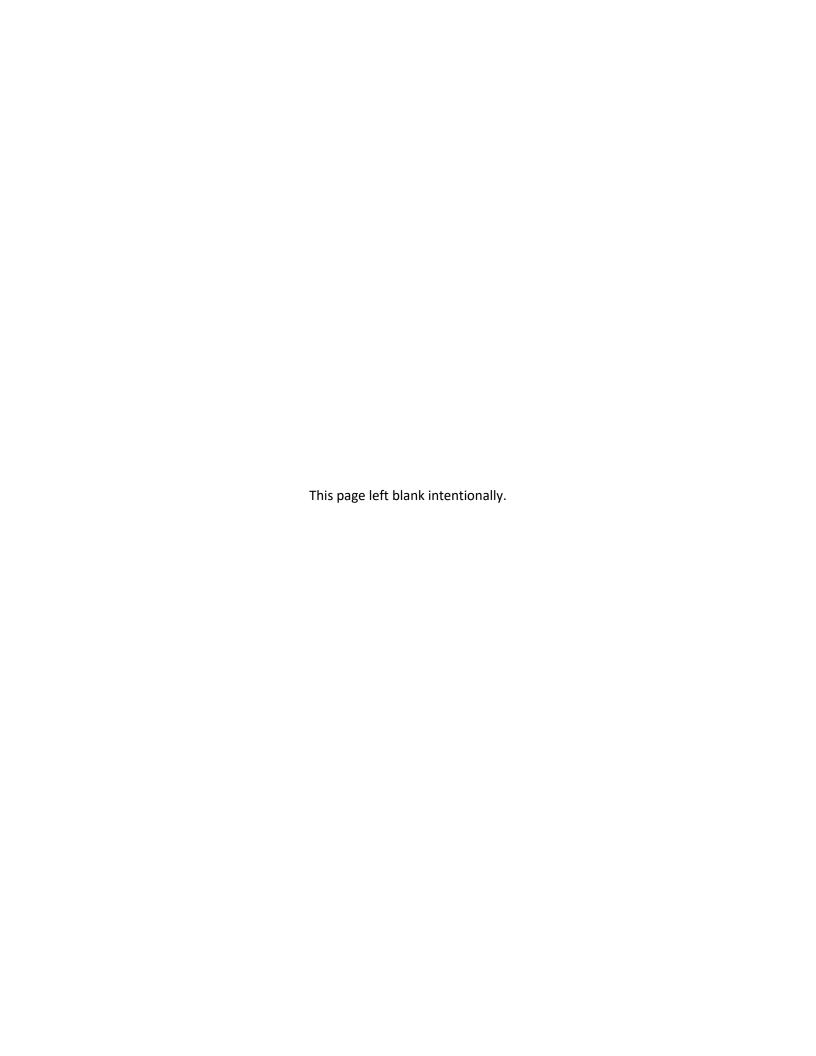

NOTE 12 – STATE AND FEDERAL GRANT CONTINGENCIES:

Grant monies received and disbursed by the City are for specific purposes and are subject to review by the grantor agencies. Such audits may result in requests for reimbursement due to disallowed expenditures. Based upon prior experience, the City does not believe that such disallowance, if any, would have a material effect on the financial position of the City.

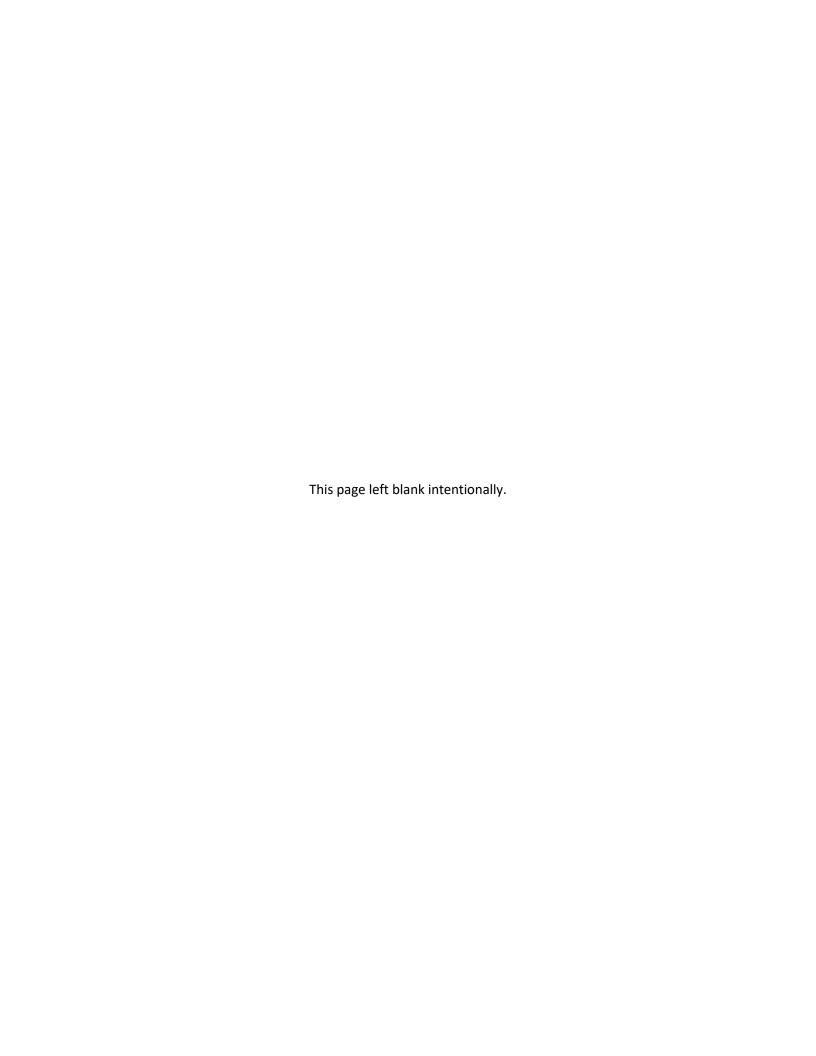

NOTE 13 – LEASES – LESSOR

The City, acting as lessor, leases cell tower property under a long-term, non-cancelable lease agreement. The leases expires in 2061 and contain no renewal options. During the year ended September 30, 2022, the City recognized \$20,540 and \$0 in lease revenue and interest revenue, respectively, pursuant to this contract.

Since this lease was prepaid by the lessee, there is no total future minimum lease payments to be received under the lease agreement.

Note: Amounts presented as of September 30

Note: Information is required to be presented for 10 years. However, until a full 10-year trend is compiled, the City will present information for only those years for which information is available.

CITY OF SAFETY HARBOR, FLORIDA NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION SEPTEMBER 30, 2022

Firefighters' Pension Plan

Actuarial assumptions and methods.

The amounts reported for the year ended September 30, 2022, are based on the October 1, 2021, actuarial valuation.

Discount rate: 7.00% per annum

Salary increases: 4.50% per annum

Cost-of-living increases: 2.00% per annum

Mortality basis: For non-retired participants, sex-distinct rate as set forth in the PUB-2010 Headcount-Weighted Employee Mortality Table for public safety employees (Below Median table for males), with full generational improvements in mortality using Scale MP-2018 and with ages set forward one year (pre-retirement mortality); for non-disabled retirees, sex-distinct rates set forth in the PUB-2010 Headcount-Weighted Healthy Retiree Mortality Table for public safety employees (Below Median table for males), with full generational improvements in mortality using Scale MP-2018 and with ages set forward one year; for disabled retirees, sex-distinct rates set forth in the PUB-2010 Headcount-Weighted Disabled Retiree Mortality Table (80% general employee rates plus 20% public safety employee rates), with full generational improvements in mortality using Scale MP -2018.

Retirement: Retirement is assumed to occur at the most valuable retirement age.

Future Contributions: Contributions from the employer and employees are assumed to be made as legally required.

Changes: Since the prior measurement date, the mortality basis was changed from the RP-2000 Blue Collar Mortality Table with generational improvements in mortality using Scale BB to selected PUB-2010 Mortality Tables with generational improvements in mortality using Scale MP-2018.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Mayor and Members of the City Commission City of Safety Harbor, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of City of Safety Harbor, Florida (City), as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated November 22, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We identified certain deficiencies in internal control, described in the accompanying schedule of findings and responses as items 2022-001 and 2022-002 that we consider to be material weaknesses.

Honorable Mayor and Members of the City Commission City of Safety Harbor, Florida

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

City of Safety Harbor, Florida's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the City's response to the findings identified in our audit and described in the accompanying schedule of findings responses. The City's responses were not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the responses.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

MANAGEMENT LETTER

Honorable Mayor and Members of the City Commission City of Safety Harbor, Florida

Report on the Financial Statements

We have audited the financial statements of the City of Safety Harbor, Florida (City), as of and for the fiscal year ended September 30, 2022, and have issued our report thereon dated November 22, 2023.

Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*; and Independent Accountants' Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated November 22, 2023, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings and recommendations made in the preceding annual financial audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. See Note 1 to the financial statements.

Financial Condition and Management

Sections 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the City has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the City did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

CLA (CliftonLarsonAllen LLP) is an independent network member of CLA Global. See CLAglobal.com/disclaimer.

Honorable Mayor and Members of the City Commission City of Safety Harbor Florida

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the City. It is management's responsibility to monitor the City's financial condition, and our financial condition assessment was based in part on representations made by management and review of financial information provided by same.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. See item 2022-003 in the accompanying schedule of findings and responses.

Special District Component Units

Section 10.554(1)(i)5.c., Rules of the Auditor General, requires, if appropriate, that we communicate the failure of a special district that is a component unit of a county, municipality, or special district, to provide the financial information necessary for proper reporting of the component unit within the audited financial statements of the county, municipality, or special district in accordance with Section 218.39(3)(b), Florida Statutes. In connection with our audit, we did not note any special district component units that failed to provide the necessary information for proper reporting in accordance with Section 218.39(3)(b), Florida Statutes.

As required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)6, Rules of the Auditor General, the Community Redevelopment Agency of the City of Safety Harbor, Florida reported their required information in their audit report.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, the City Commission, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

CliftonLarsonAllen LLP

Clifton Larson Allen LLP

CITY OF SAFETY HARBOR, FLORIDA SCHEDULE OF FINDINGS AND RESPONSES SEPTEMBER 30, 2022

CURRENT YEAR FINDINGS

2022-001 - Bank Reconciliations

Type of Finding:

Material Weakness in Internal Control Over Financial Reporting

Condition: The City's bank accounts were not completely reconciled to the general ledger in a timely manner.

Criteria or Specified Requirement: The City's management is responsible for establishing and maintaining internal controls over cash transactions. Timely preparation of complete and accurate bank reconciliations is key to maintaining adequate control over receipts, disbursements, and other transactions.

Effect: Not completely and accurately reconciling pooled cash accounts could result in errors, including the misstatement of pooled cash or other general ledger accounts, and can provide an opportunity for fraud. Delays in reconciling accounts also results in inefficiency due to the additional time needed to research and resolve differences.

Cause: The City's internal control for bank reconciliation review did not operate as intended. Throughout fiscal year 2022, the Finance Director failed to ensure that the bank reconciliation was completed in a timely manner.

Recommendation: Management should consider developing a checklist of internal controls and procedures which tracks the completion of key processes and reconciliations for monthly and fiscal year-end closing. That checklist should be monitored to identify any gaps or deficiencies in the control environment and take appropriate corrective actions.

Views of responsible officials and planned corrective actions: Management agrees with the finding. Once staff identified the deficiency we put processes in place to ensure the bank reconciliations were being completed. Finance is currently down one full time employee and has hired a temporary employee to assist in this function.

CITY OF SAFETY HARBOR, FLORIDA SCHEDULE OF FINDINGS AND RESPONSES (CONTINUED) SEPTEMBER 30, 2022

<u>2022-002 – Financial Statement Adjustments - Investments</u>

Type of Finding:

Material Weakness in Internal Control Over Financial Reporting

Condition: As part of the audit, we proposed adjustments to correct the following errors in the City's financial statements:

 Assets and revenues were understated for governmental and business-type activities, along with various funds, due to an error in the accounting of investments at fiscal year-end.

Criteria or Specified Requirement: The City's management is responsible for establishing and maintaining internal controls to ensure that transactions are properly recorded and reported in the financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP).

Effect: Assets and revenues were misstated.

Cause: The investments reconciliation and review process did not detect the error in account balances.

Recommendation: Management should update their market value adjustment spreadsheet to include an additional reconciliation of adjusted general ledger balances to the total market value per all investment portfolios, local government investment pools, and any other investment statements.

Views of responsible officials and planned corrective actions: Management agrees with the finding. Processes have been put into place to ensure proper quarterly reporting of all investment activities moving forward.

CITY OF SAFETY HARBOR, FLORIDA SCHEDULE OF FINDINGS AND RESPONSES (CONTINUED) SEPTEMBER 30, 2022

2022-003 - Capital Assets

Type of Finding:

Internal Control Over Financial Reporting

Condition: The City did not conduct a physical count of the City's capital assets for the fiscal year 2022.

Criteria or Specified Requirement: The City's management is responsible for establishing and maintaining internal controls over inventory of tangible and intangible capital assets. The City's Fixed Assets Management Procedures Manual states that annually, or at other intervals established by Finance, a complete physical inventory of all City fixed assets will be conducted and the results reconciled with the asset records.

Effect: Not completing a physical inventory count at fiscal year-end or periodic inventory counts throughout the fiscal year could result in unidentified errors in the reported capital assets balances and provide an opportunity for theft.

Cause: The City did not conduct a physical inventory of capital assets and could not provide any evidence thereof.

Recommendation: Management should ensure that all capital assets internal controls as designed, including the complete physical inventory and reconciliation to the asset records, are implemented.

Views of responsible officials and planned corrective actions: Management agrees with the finding. Capital inventory for FY22 did not occur as intended due to a reduction in staff and competing security priorities at the time. The FY23 capital asset inventory is being completed.

INDEPENDENT ACCOUNTANTS' REPORT

Honorable Mayor and Members of the City Commission, and the Florida Auditor General City of Safety Harbor, Florida

We have examined the City of Safety Harbor, Florida (City)'s, compliance with Section 218.415, Florida Statutes, regarding the investment of public funds during the year ended September 30, 2022. Management of the City is responsible for the City's compliance with the specified requirements. Our responsibility is to express an opinion on the City's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the City complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the City complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the engagement.

Our examination does not provide a legal determination on the City's compliance with specified requirements.

In our opinion, the City complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2022.

This report is intended solely for the information and use of the City and the Auditor General, State of Florida and is not intended to be, and should not be, used by anyone other than these specified parties.

CliftonLarsonAllen LLP

Clifton Larson Allen LLP

INDEPENDENT ACCOUNTANTS' REPORT

Honorable Mayor and Members of the City Commission, and the Florida Auditor General City of Safety Harbor, Florida

We have examined the City of Safety Harbor, Florida's (the City) compliance with the compliance requirements "activities allowed or unallowed" and "allowable cost/cost principles" (the specified requirements) as described in Part IV "Requirements for an Alternative Compliance Examination Engagement for Recipients That Would Otherwise be Required to Undergo a Single Audit or Program-Specific Audit as a Result of Receiving Coronavirus State and Local Fiscal Recovery Funds" of the CSLFRF section of the 2022 OMB *Compliance Supplement* (referred to herein as "Requirements for an Alternative CSLFRF Compliance Examination Engagement") during the year ended September 30, 2022. Management of the City is responsible for the City's compliance with the specified requirements. Our responsibility is to express an opinion on the City's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants; the standards applicable to attestation engagements contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and in the "Requirements for an Alternative CSLFRF Compliance Examination Engagement." Those standards and requirements require that we plan and perform the examination to obtain reasonable assurance about whether the City complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the City complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the engagement.

Our examination does not provide a legal determination on the City's compliance with specified requirements.

In our opinion, the City complied, in all material respects, with the specified requirements referenced above during the year ended September 30, 2022.

Honorable Mayor and Members of the City Commission, and the Florida Auditor General City of Safety Harbor, Florida

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we are required to report all deficiencies that are considered to be significant deficiencies or material weaknesses in internal control; fraud, and noncompliance with provisions of laws, regulations, contracts, or grant agreements that have a material effect on the City's compliance with the specified requirements and any other instances that warrant the attention of those charged with governance. We are also required to obtain and report the views of responsible officials concerning the findings, conclusions, and recommendations, as well as any planned corrective actions. We performed our examination to express an opinion on the City's compliance with the specified requirements and not for the purpose of expressing an opinion on the internal control over the specified requirements or on compliance and other matters; accordingly, we express no such opinions. The results of our tests disclosed no matters that are required to be reported under *Government Auditing Standards*.

Intended Purpose

The purpose of this examination report is solely to express an opinion on whether the City complied, in all material respects with the specified requirements referenced above during the year ended September 30, 2022. Accordingly, this report is not suitable for any other purpose.
